Sri N. Madhava Rao, I.A.S., Secretary to Government, Finance Department, was also present at the Meeting.

1. The Chairman in his Introductory Speech stated as follows :

This is the First Meeting we are holding. The subject before us is one of resolving various problems connected with the integration of the Five-Kannada-speaking Regions for the establishment of the New State of Mysore. This is almost the first official step we are taking. It is a great responsibility. There are two sides to this problem. One is the administrative side and the other is of the Political side. We, here in this Committee are concerned mostly with administration, but the bigger and probably more far-reaching aspect of the question is how to bring about political integration. We have to play our part in bringing about an understanding between the two aspects of the problem. In fact I expect this Committee to play a great role of reconciliation between the conflicting views on political and administrative problems. If members of this Committee take a partisan view it becomes very difficult, not only to solve administrative problems but also to help in resolving many a political problem. So far as I studied the situation there is a

great deal of differences in psychological outlook between the leaders of North Karnataka and Mysore. This is a hard fact; we cannot blame any one for it. They have been accustomed to a particular way of approaching the problem. So are the leaders of Mysore. It does not help the situation if any one of us become the champions of one point of view or the other.

Members of this Committee have to think in terms of belonging to the New Mysore State but not to this or that part of Karnataka. If we approach the problem on this basis, we will be able to help not only the smooth integration of these five different areas, but also the smooth running of the New State. If I make an appeal to the Members of this Committee from that point of view, I hope it will be given all the consideration. I have myself been following this course. After the Mysore Legislature decided about the integration of the existing Mysore State with the adjoining areas, I have not expressed my opinion on the various conflicting problems. It will likewise be the duty of several Members of this Committee not to champion this cause or that cause. I know this is an instance where silence is likely to prove of great strength. Ultimately the opinion of this Committee may be accepted by all the parties as the right solution. If you should tackle this and other problems in all the seriousness it deserves this Committee will have laid sure and certain foundations for the well-being of the New State.

Hereafter, we must resolve in our own minds not to state anything in the public which is likely to displease one section or the other. If the Committee is not able to play that harmonising role, it will not be in a position to work. Administrative problems will be solved somehow or anyhow. There is the Government of India; there are provisions in the States Reorganisation Bill. Assets and Liabilities will be divided; Services will be integrated according to the principles laid down by the Government of India at the Chief Minister's Conference.

I, therefore, appeal to the Members of the Committee that from to-day we will not be parties to any one section; We will not champion one opinion or the other. We will sit here and dispose of every matter on merits, justice and in the sole interests of the New State. I hope this appeal of mine will carry conviction to all the Members. We have to discuss various items on the Agenda and it may be that we have to discuss sometimes in Camera and sometimes with the assistance of the Secretaries. Sri S. Muninanjappa, Special Secretary to Government, State Reorganisation Department, will give you a brief account of the work that has so far been done.

2. After conclusion of the Introductory Speech, the Secretary was requested to give a brief account of the work done so far. Sri A. B. Shetty intervened and wanted to know whether the Provisional Congress Committees approved of the formation of this Committee and also whether it was not necessary to inform the Central Government of the procedure decided upon by them of bringing these problems before the Inter-State Committee, so that the constitution of this Committee may not be open to objection.

3. The Chairman said that neither the M. P. C. C., nor the K. P. C. C., was consulted for the reason that these two P. C. Cs. have not yet achieved the objective of a common platform. The Committee had to play the role of reconciliation with the P. C. Cs. So far as the Government of India is concerned, the appointment of this Committee is entirely in agreement with the policy formulated by them at the last Chief Ministers' Conference. Every Chief Minister and also the Home Minister, Government of India, agreed to the constitution of such Committees wherever problems of integration were required to be tackled, one at the Ministerial-level and one at the Secretary's level. It was formally accepted at the Chief Ministers' Conference held at Delhi on 2nd May 1956.

4. Sri A. B. Shetty felt that there should not be conflict of views and opinions at the very commencement and so he wanted to know whether the Hubli Committee of the K. P. C. C., approved of the formation of this Committee.

5. Sri M. P. Patil stated that though the K. P. C. C. was not officially consulted, the Members of the Legislative Assembly were strongly of the opinion that the formation of such a Committee was essential.

6. The Representatives of Hyderabad, Bombay and Coorg agreed with the sentiments expressed by the Chairman and desired that every one should eschew regional bias, and feel that oneness in the New State which makes for unity and prosperity. The future State should be integrated not only physically but in the real sense of the term.

7. Then the Secretary gave a brief resume of the work done so far after the publication of the Draft States Reorganisation Bill.

8. Proceeding he said that an Inter-State Officers Committee will be constituted with representation to all the transferred territories. All problems will first be considered by the Committee of Secretaries of the State Government and then by the Inter-State

Officers' Committee before they are finally placed before the Inter-State Ministers' Committee. The Secretary proceeding, informed that 15th June 1956 is the last date for the constitution of the Inter-State Officers' Committee on which will be represented the Chief Secretary, the Financial Secretary and such other Officers as are closely connected with the problems of the States Reorganisation.

9. Sri Patil observed that the Ministers' Committee is to lay down the policy and the other Committee at lower levels has to work out the details and implement the decisions. Not to make it unwieldy, it was suggested that the Inter-State Officers' Committee may consist of not more than 5 or 6 Members.

10. The gist of the discussions that took place at the Chief Secretaries' meeting held at Delhi in the Home Ministry on the 18th and 19th May 1956 was narrated by the Secretary. He also mentioned that the copies of the proceedings will be circulated as soon as the same was received.

11. The question of the procedure to be followed by the Inter-State Committee of Ministers and the lines along which it was to work was next taken up. The Chairman observed that the Government of India have indicated the need for setting up Inter-State Committee of Ministers representing, to the extent possible, the various component units of the new or reorganised State and that the present Committee was constituted as a result of this direction. It was generally agreed that the Committee may meet at least once a month or often. He emphasised that there should be the best effort to adjust and come to unanimous decisions. Sri M. P. Patil suggested that in the event of differences of opinion among the members, the matter may be placed before the Government of India for a decision. The Chairman observed that, from the very nature of things, there will be no room for any difference of opinion.

12. Next the question of Pay Structure was considered.

13. There was broad agreement on the need for evolving uniform scales of pay. But the difficulty to contend with was one of finance. The Madras Representative Sri A. B. Shetty suggested that the State should write to the Centre about their inability to meet the cost of giving increased scales of pay, and that it would be appropriate to do it now as the Finance Commission was also being appointed.

14. The Chairman observed that the Finance Commission may not concern itself with the Pay of Officers of a particular State as

it deals with the whole of India and that it remains to be seen whether the Finance Commission will be able to come to the rescue of the New State or not in this behalf. He pointed out that the Mascarenhas Pay Structure Committee had recommended revised Pay for Mysore Officials which involves an annual expenditure of Rs. 2 crores. If the Bombay Scales of pay are adopted for the New State, the exact cost on account of introduction of new scales is not readily assessable. But, on a very rough data, it is seen if the salaries of the present Mysore Government Servants are upgraded to Bombay level, the approximate additional average cost will be Rs. 6 crores (Rs. 2.50 crores for revision of scales, Rs. 1 crore for weightage and extra cost on account of Dearness Allowance Rs. 2.50 crores). The additional expenditure could be met only by levying additional taxes. The people of all parts of the New State will say that the formation of the bigger State was not for raising additional taxes to pay the salaries of Government Servants, but to secure better progress and prosperity of the public at large. It will be a difficult proposition for any one to approach the Legislature after the appointed day to raise 6 to 7 crores of rupees by way of additional taxation just to pay enhanced salaries to Government Servants.

15. In this connection, the Chairman also observed that Mysore used to get considerable revenue from the Kolar Gold Fields, Railways, Income Tax and other sources. After financial integration and as a result of the revision of agreement with the Kolar Gold Mines Company all these resources have dried up.

16. Sri Patil stated that the present scales of pay of the Incoming incumbents should not be altered to their disadvantage. The deficit arises only when new scales of pay are introduced and not in continuing the existing scales.

17. The Chairman pointed out that it will lead to the existence of five different pay scales in the same State. The Government of India are reluctant to accept any financial commitment and want the status-quo to be maintained until common scales are evolved. The financial implications that would result therefrom have to be worked out. The resources do not permit being liberal in these matters; but if the Central Government want to exercise their right of protecting the existing pay, they must assume responsibility for meeting the extra cost also. Right and Responsibility should go together. He therefore suggested the appointment of a Committee consisting of representatives of the 5 areas with an able financier as the Chairman to evolve common scales of pay well in advance of the appointed day. The said Committee will also be entrusted with the

task of examining all possible resources of the New State to meet the liabilities arising out of the integration of services and allied subjects. He had absolutely no objection to revise the scales of pay as long as the New State was able to pay and meet its obligations.

18. When the question of enhancement of salaries of the High Court Judges came up for dicussion, the Chairman observed that Mysore had not agreed to the enhancement of their salaries. He recalled the agitation of the Non-gazetted Officers currently going on in Madras and stated that if the salary of High Court Judges was increased at this critical time, it will cause irritation to the Non-gazetted Officers. . This question was deferred for being taken up later.

19. Dr. Melkote said that a Chaprasi in Hyderabad service gets Rs. 22 less than his counterpart in the Government of India service, and that in order to pay the Hyderabad Chaprasi at Government of India rates, the Hyderabad Government had to incur an additional expenditure of Rs. 1 crore. On one side there is the problem of the pay scales of the officials and on the other the welfare and happiness of the people who are in need of more amenities. He urged that the gap between the high paid and the low paid should be reduced to the extent possible. But if the Mysore scale should be raised to the level of Bombay, a deficit of about Rs. 6 crores will accrue. The total additional expenditure on account of revision of pay scales alone would be of the order of about Rs. 8 to 10 crores for the New State. According to him it was a difficult problem which should be solved before the New State is formed.

20. Sri Patil observed that it may not be proper to say that the officers should be prepared to accept any pay offered by the New State or opt out to other States. He was, however, of the view that it was difficult to apply this principle to the District staff. Such a proposition will create a scare among the Officers.

21. Sri Shetty suggested that action should be taken from now alone to transfer Kannadiga officials to the area that will be transferred to the New State. He expressed reluctance to impose tax in view of the impending Elections.

22. Sri Poonacha stated that suitable pay for equivalent posts has to be fixed, and for protecting the existing scales the officials should be given the option either to accept the new scale or to retain the old scale.

23. Sri Shetty suggested the need for appointing a Committee to go into the Budget, Revenue Resources, Commitments, Services

of the New State, etc., Representatives of other States also may be induced to serve on the Committee if they are qualified.

24. The Committee rose for the day to meet again the following day at 10 A.M., in the Residency.

S. MUNINANJAPPA,

Secretary,

Inter-State Committee.

SUMMARY OF DISCUSSIONS AT THE INTER-STATE COMMITTEE MEETING HELD AT 10 A.M., ON THE 22ND MAY 1956 IN THE RESIDENCY, BANGALORE.

PRESENT.

1. Sri K. Hanumanthaiya, B.A., LL.B., Chief Minister (*Chairman*).

Members.

2. Sri M. P. Patil, Minister for Co-operation, Government of Bombay.
3. Dr. G. S. Melkote, Minister for Public Works and Labour, Government of Hyderabad.
4. Sri A. B. Shetty, Minister for Health, Government of Madras.
5. Sri C. M. Poonacha, Chief Minister, Coorg.
6. Sri S. Muninanjappa, I.A.S. (*Secretary*).

The following Ministers of the Government of Mysore were also present at the meeting:—

1. Sri Kadidal Manjappa, B.A., LL.B., Minister for Revenue and Public Works.
2. Sri T. Channiah, B.Sc., Minister for Public Health and Local Self-Government.
3. Dr. R. Nagan Gowda, M.Sc., Ph.D., Minister for Agriculture.

Sri N. Madhava Rao, I.A.S., Secretary to Government, Finance Department, was also present at the meeting.

The suggestion for holding the next Meeting at Bombay was considered. Sri Shetty expressed that it was not desirable to have the meeting at Bombay so soon after the Bangalore meeting and particularly in view of the fact that the atmosphere would not be quite congenial in view of the A. I. C. C. being in Session. Dr. Melkote also having agreed with this view, the idea was given up. It was, however, suggested that among them those who were attending the A. I. C. C. meeting at Bombay may get to know the procedure adopted in other States for dealing with matters in the Inter-State Committees.

2. The question of division of Assets and Liabilities was then taken up. Sri Patil informed that the Bombay Government had already prepared a Statement of Assets and Liabilities and if the information had not been furnished to the Mysore Government it was perhaps due to the same awaiting the approval of the cabinet.

The Secretary mentioned that the Law according to the provisions made in the Draft States Reorganisation Bill did not provide for the Assets in Bombay City built out of the common Revenues of the

State and which is now being taken over by the Union Government being shared among the Successor States, and that suitable amendments to enable getting a share in the Assets built in the Bombay City to the new Mysore State should be suggested to the Central Government. But Shri Patil explained that the Bombay Government, had already moved in the matter and that in view also of a surplus of Rs. 12 crores being available from the Bombay City, the Union Government is being urged to agree to pass on the Assets of Bombay State without any liability to the Successor States. On a point of information asked for by the Chairman, it was intimated by Sri Patil that the Assets of the Bombay State amounted to Rs. 222 Crores and the Liability to Rs. 191 Crores, leaving a surplus of 31 Crores.

3. The Financial Secretary pointed out with reference to the provisions embodied in the States Reorganisation Bill that it was not possible for the Centre to take over the Liabilities in lieu of the surplus accruing to Bombay City as urged by the Government unless the relevant clause in the Draft States Reorganisation Bill was suitably amended. The Chairman observed that as this point had not been raised in any of the Assemblies, a reference should be made to the Government of India, that in respect of the Secretariat and other buildings used for State purposes and which are built out of common funds a share should be given to Mysore. Letters should also be addressed likewise to Members of Parliament and the Members of the Assembly in the Kannada speaking areas, with special emphasis on the fact that Karnataka is peculiarly situated in regard to this matter and if this position is not redressed, it stands to suffer considerably.

4. At this stage, the point was raised as to the agency for splitting up the Assets for division among the various Successor States. Shri Patil informed that so far as Bombay is concerned a Special Officer, Sri Mathrani, had been appointed exclusively for this purpose.

5. Dr. Melkote pointed out the anomaly of taking the book value for the evaluation of the Assets as by doing so an Asset built about 50 years ago, after allowing for depreciation, would result in the present value being almost zero. So to avoid such Assets passing on to the Successor State without any consideration he suggested as a better method the adoption of market value. Sri Poonacha also endorsed this view. Sri Patil, however, expressed that he had heard it said that it was difficult to fix the market value though he did not advance any serious objection to the adoption of this method.

6. The Secretary stated that the Hyderabad State owned certain buildings at Bombay and Delhi and the Madras Government at Ooty and in all such assets the Successor Governments must have a share. The Chairman agreed that a share in these properties should be claimed and also stated that instead of claiming the value in cash, it was preferable to ask for the buildings to be made over, in view of the difficulties of fixing their present market value.

7. Dr. Nagan Gowda intervened to say that in regard to Bellary 1.3 per cent of the Assests and Liabilities in Madras City was to be made over to Mysore as per provisions contained in the Andhra State Act. But the Chairman remarked that this percentage of the share was fixed on the basis of population which will not be quite advantageous in respect of the areas that are now to be transferred from the Madras State as the population of South Kanara and Kollegal, compared to Madurai and other places, is thin and sparse. If the population basis is agreed to, the share to be got would not be commensurate with the territorial extent.

8. The Chairman wanted Shri A. B. Shetty to move the Madras Cabinet for getting a share of their Assets, as the impression seemed to prevail with the Madras Government that a small bit of territory was going out to Mysore and as such there was no need for taking any serious notice of sharing with us the Assets. The types of Assets in which claims may be laid for a share are Government buildings used for all-State purposes, constituent Colleges of the University and other common properties.

9. Dr. Melkote suggested that with regard to these matters the representatives of the areas concerned may take a tentative decision with their own Governments, and communicate the same to the members who would examine further and suggest modifications, if any, so as to enable preparing the case.

10. It was also agreed that for machinery at Project Sites credit should be given. It was considered necessary that the representative Ministers should watch the expenditure of the Budget Provision in order to avoid the holding up of expenditure in respect of the territories to be transferred.

11. With regard to Office equipment and furniture, the Bombay Government was stated to have issued a Circular that no property should be moved from one place to another during the period of transition. It was urged that the Madras and Hyderabad Governments may also take similar action.

12. It was decided that the next meeting may be held at Bangalore on Friday the 15th June 1956 at 3-30 P.M., and that the following day also may be kept free to continue the discussions if there was work.

13. With regard to the constitution of the Pay Structure Committee for evolving common scales of pay, the members expressed a desire that the terms of reference to the Committee may be circulated to them before they are finalised.

S. MUNINANJAPPA,

Secretary,

Inter-State Committee.

SECOND MEETING OF THE INTER-STATE COMMITTEE OF MINISTERS.

It was felt that this matter might be taken up at higer level some time later.

The letter addressed by the Law Minister of Mysore to the Chief Minister of Hyderabad as regards the disposal of tenders for the supply of machinery and equipment and supervision of the erection work connected with the T. B. Dam Site Power Station on the Hyderabad side was read out by the Secretary. Dr. G. S. Melkote, clarifying the position pointed out that 37 tenders have been received, that they are being scrutinised and that they would be sent to the Mysore Government for their views before finalisation.

Dr. Melkote inviting the attention of the members to the Circular letter issued by the Government of Hyderabad in the matter of removal of moveable articles said that no machinery has been removed from the Tungabhadra Project except one or two minor items for which the proportionate book value would be recovered.

Sri Patil desired that the first para regarding holding of the next meeting of the Inter-State Ministers at Bombay, in the second day's proceedings might be deleted.

Similarly he wanted that in last para on page 2 of the proceedings held on 22nd May 1956, the word "exclusively" after the words "Sri Matharani had been appointed" might be deleted.

It was also agreed to delete the last para on page 7 of the first day's proceedings and the last sentence of the first para on page 3 of the proceedings held on 22nd May 1956.

Regarding the constitution of an Expert Committee to formulate the proposals for revision of the pay structure of the New State, the Chairman wanted additional information and the Financial Secretary was requested to make available this information for further discussion.

In this connection, it was also pointed out that other States like, Madhya Bharath, Sourashtra, may be facing a similar problem and that information may be obtained early and placed before the Committee. It was, therefore, decided to take up this question later on.

As regards the constitution of an Inter-State Committee of Officers, it was decided that the Chief Minister of Mysore may address the Chief Ministers of the concerned States requesting them to suggest the name of the Chief Secretary or his nominee to serve on the Inter-State Committee of Officers to represent the respective States.

As regards the selection of officers for key-posts like, Chief Secretary, Financial Secretary, Development Commissioner and Inspector-General of Police, it was decided to discuss this subject *in camera* at 7-30 P.M. the same day.

Consideration of I.A.S. and I. P.S. cadres for the new State was referred to the Inter-State Committee of Officers to suggest the strength of such officers before addressing the Government of India in the Ministry of Home Affairs.

The following subjects on the Agenda may be brought up for consideration after they are examined by the Inter-State Committee of Officers:—

(2) Division of the New State into 3 or 4 Divisions and putting them in charge of Divisional Commissioners for the convenience of the Administration and public.

(8) Revision and Co-ordination of the Second Five-Year Plan of the various parts of the New State.

Regarding application of the Bombay Tenancy Act as recently amended to the Bombay Karnatak Area which is shortly to integrate with the New Mysore State, it was decided to address a letter to the Government of Bombay requesting that the said provisions may not be extended to the Karnataka parts of the existing State of Bombay in case the said Act admits of such a provision.

In the matter of development of Malpe near Udupi as a Major Port, it was decided to address a letter to the Government of India inviting their reference to the recommendations of the Committee and requesting them to order investigation of the several matters referred to by the Committee.

ESTABLISHMENT OF A BENCH OF THE HIGH COURT.

In view of the provisions in Clause 53 of the Draft States Re-organisation Bill, it was agreed that this is a matter to be considered at the appropriate time at a later stage.

CREATION OF DIVISIONS AND APPOINTMENT OF DIVISIONAL COMMISSIONERS.

Having regard to the extent of the territories which go to form the New State of Mysore, it was generally agreed that there should be three Regional Divisions for the efficient administration as also speedy disposal of problems arising out of the States Reorganisation with a Divisional Commissioner for each of the divisions as noted below :

(1) *Mysore* :—Comprising the Districts of Bangalore, Mysore, Mandya, Kolar, Tumkur, Chickmagalur, Hassan, Coorg and South Canara, with Mysore as Headquarters.

(2) *Bellary* :—Comprising the Districts of Chitaldrug, Bellary, Gulberga, Raichur and Bidar with Hospet or Bellary as Headquarters as may be decided.
(3) *Belgaum* :—Comprising the Districts of Belgaum, Bijapur, Dharwar and North Kanara and Shimoga with Belgaum as Headquarters.

The distribution of Districts could be reviewed later in the light of experience gained and after the initial integration problems are solved. The representative of Coorg felt that there should be four divisions with 5 or 6 Districts in a division, the 4th Division being located at Bangalore.

It was suggested that the proposals for powers to be exercised and the duties to be performed by these Divisional Commissioners may be prepared and put up for discussions at the next meeting.

Allocation of All India Service Officers.

Statements of the estimated cadre strength of the I.A.S. and the I.P.S. cadres for the New State of Mysore prepared provisionally were scrutinised and recommended for acceptance with the following modifications :—

I.A.S.

(1) Provision may be made for 3 Divisional Commissioners in lieu of the Revenue Commissioner;
(2) The post of the Commissioner for Local Self-Government may be deleted;
(3) The post of the Secretary to Chief Minister and the Planning Secretary shown in category (D) may be shown as Secretary to the Chief Minister.
(4) Registrar of Co-operative Societies to be included under 'Other Senior Duty Posts' as serial 'p'.

I.P.S.

(1) The posts of the D.Is. G. may be reduced from 4 to 3.
(2) The posts of Superintendents of Police, Bangalore South and North and of the Principal of Police Training School, should be shown in Category "C" in order that only the I.P.S. Officers hold these posts. A note will be made that this change will be given effect to as and when vacancies occur in order to cause minimum dislocation.

Accommodation for the Officers and Staff at Bangalore.

The Chief Secretary to the Government of Mysore explained that steps are being taken as far as possible to reserve accommodation available in Government and Quasi-Government buildings in order

that as many of the incoming officers and officials as could be accommodated in these buildings, may be provided for. It was also explained that there is the House Rent and Accommodation Control Orders in force in Bangalore and Government Servants could avail of this order with reference to buildings vacant at the time and buildings that may become vacant from time to time. It was on the whole considered that the accommodation problem may be comparatively easy and may not present any insurmountable difficulty.

Co-ordination of Laws, Rules and Regulations.

The difficulties with regard to the laws in respect of the Hyderabad State particularly for the period prior to the Police action in 1948 which were all promulgated in Urdu and Persian and which have not been codified, created difficulties and therefore called for special attention. The Hyderabad representative stated that the Laws that have been listed and are available may be adapted immediately. It was agreed that the Law Secretary, Hyderabad, may be requested to prepare the adaptations in respect of the area coming over to the New State of Mysore and discuss the Draft adaptations with the Mysore authorities before finalisation.

Assets and Liabilities.

The States Reorganisation Bill lays down a definite pattern to be followed for the division of Assets and Liabilities. Any changes in this pattern can only be achieved by amendments to the existing provisions of the Draft Bill and these may be considered at the level of Ministers. The fact however remained that in respect of the New State of Mysore the Liabilities would far exceed the Assets. The New State may be in a disadvantageous position on this account.

Preparation of Six Monthly Budget Estimates.

It was explained by the representatives present that the particulars of their areas required for preparing the Half-yearly Budget of the New Mysore State were being collected and would be furnished immediately they are ready.

Revision and Co-ordination of the Second Five-Year Plan.

It was stated that regionwise break up of the Plan was being worked out. The representatives present assured that they will arrange to send the same immediately it is ready.

SET UP OF THE SECRETARIAT AND THE HEADS OF OFFICES.

It was agreed that with regard to the Secretariat, detailed proposals about the Departments and Officers required to man these Departments may be worked up and put up for consideration at the next meeting. With regard to the Officers of the Heads of Departments, the representatives present agreed to furnish the set up in their State and on receipt of the same, the Heads of Departments of Mysore would work up the set-up required for the New State in consultation with the Heads of Departments of the States concerned and that these proposals may be scrutinised when they are ready.

ACCOMMODATION AT REGIONAL CENTRES.

Now that the suggestions for the location of the Offices of Divisional Commissioners have been made it was agreed that the representatives of the Governments concerned may examine the question of accommodation at headquarters of the region in their respective areas and furnish a report for consideration.

PROTECTION OF CONDITIONS OF SERVICE OF ALLOCATED EMPLOYEES.

This matter has been discussed sufficiently at the various Conferences and the several viewpoints stated. The enactment of the bill and the decision of the Government of India on various points may be awaited.

ARRANGEMENTS REGARDING EDUCATIONAL INSTITUTIONS.

The Coorg representative stated that on a reference made by him, the Madras University had agreed to admit the students now studying in the Coorg College to the Madras University examinations even after the formation of the New State and enquired if it would be permissible to do so by recognising dual affiliation both to Mysore and the Madras Universities. It was pointed out that it is doubtful whether such a course would be agreed to by the Mysore University. It was suggested that the best course would be to affiliate the College to the Mysore University and provide for examinations being conducted on the Madras Syllabus during the period of transition. This matter may however be taken up with the Mysore University.

Similar action was suggested to be taken for S.S.L.C. Examinations also. In view of the complexity of subjects offered for study in the High School in Bombay it would be desirable to get all relevant details about the Bombay syllabus and to work out detailed proposals.

"I am glad to be amidst you. The work of this Committee had for a while been held up for obvious reasons. I am younger than most of you, but still I am sure I enjoy your goodwill and confidence and that we will be able to solve a number of problems that confront us in connection with the State Reorganisation. You have been entrusted with the task of tackling the various problems connected with the States Reorganisation. Goodwill and co-operation are necessary to complete our task. Of course, there are 5 parties representing 5 parts. Mysore, though the biggest Unit among them does not want to claim or even give the impression that it would dominate over others. It is not the show of any particular Unit. It is the combined effort of all of us. Unless we realise that we are only a part of a big Unit, and unless we forget our regional bias and differences, we will not be able to discharge our duties to the satisfaction of all concerned.

2. All of you are seasoned politicians, older and more experienced than myself. I am confident that the outstanding problems can be solved by us within the stipulated time with the co-operation of you all. The Government of India have assured that they will give us all possible assistance. The New State of Mysore, that will come into existence has to face a deficit. It will be our task to make up this gap. It is a difficult job. With courage, confidence and co-operation of all I am sure, we will be able to tide over the difficulties."

The Members of the Committee expressed their confidence in the Chief Minister and assured him of their whole-hearted co-operation.

Approved.

N.B.—Statement showing powers and duties of Divisional Commissioners is enclosed.

(2) *Accommodation for the Officers and the Officials at Bangalore.*—The Mysore representative stated that 500 single-room tenements constructed under the Housing Scheme fit for occupation by non-gazetted staff have been secured and that 23 bigger units fit for occupation by Officers built by the Bangalore Trust Board are also available. It is also proposed to run an Officers' Mess for gazetted staff and a Hostel for the non-gazetted staff to accommodate about 250 in all. It is also proposed to secure available accommodation through the Accommodation Controller even if it involves payment of a rent for a short period by Government. It was also mentioned that steps are being taken to provide accommodation for the expanded Cabinet and Legislators. It was considered by the Committee that these measures were adequate and would probably meet the situation.

An Assisant Commissioner is proposed to be appointed to look into the accommodation and other allied matters connected with the States Reorganisation.

Accommodation for Officers and Staff at Regional Centres.—MYSORE.—It was mentioned that some difficulty may be experienced in finding suitable accommodation in Mysore, but efforts would be made to secure the necessary accommodation,

As regards the Third Division, the question will be considered after the Headquarters of the Division is determined.

Recorded.

(3) *Revision and Co-ordination of Second Five-Year Plan.*—It was explained that except in the case of Coorg the break up regarding the Second Five-Year Plan had not been received from any other State. Recorded.

(5) *Continuance of facilities for the people of Chandghad Taluk in the Institutions at Belgaum.*—The Bombay representative explained that the people of Chandghad taluk are getting medical facilities in the Hospital at Belgaum and are also receiving educational facilities from private and Government educational institutions located at Belgaum. He requested the same facilities may be continued even after the formation of the New State. It was explained that so far as medical facilities are concerned the same are not denied in medical institutions in any State merely on the score that the person seeking treatment does not belong to that State. It was agreed that instructions may be issued to the institutions in Belgaum to continue these facilities.

Regarding educational facilities also it was agreed that the Government institutions may be requested to continue the same

facilities for a period of three years to the people of Chandghad Taluk as at present. It was agreed that private Educational institutions in Belgaum would also be addressed to offer similar facilities to the people of Chandghad Taluk.

Approved.

(8) *Grant of disturbance allowance to such of the Officers/ Officials, who may have to move to Bangalore.*—The matter was discussed and it was agreed that two months advance of pay subject to a ceiling of Rs. 1,500 *plus* the advance of actual T.A. may be paid to all the Government servants who are required to move from their present Headquarters into Bangalore on the appointed day. It was also agreed that the advance of pay may be recovered in twelve monthly instalments.

The Chief Secretary, Hyderabad, mentioned that the Hyderabad Government had taken a decision to recommend to treat one month's pay out of the two months' pay sanctioned as advance to Class IV. employees as an *exgratia* grant. The representative of Coorg supported the proposal. The representatives of Bombay and Mysore stated that they wanted time to consider the proposition.

Approved.

(9) *Continuance of the State Reorganisation Section of Coorg after the appointed day.*—The matter was discussed and it was agreed that a small section that may be required for dealing with the re-organisation problems in Coorg may be retained if necessary. The Staff would work under the Deputy Commissioner of the District.

Approved.

(10) *Exchange of Hyderabad Class IV employees allocated to Mysore.*—The Chief Secretary, Hyderabad, suggested that with regard to Class IV employees, the Government of Mysore may agree to take persons now employed in Madras by the Andhra State in place of an equal number of Class IV employees of Hyderabad allocated to Mysore, the arrangement to be on a voluntary basis. The Chief Secretary, Mysore, stated that this cannot be conceded in principle and that the matter may be examined after knowing the number of Andhra Class IV employees who may be willing to come to Bangalore.

Recorded.

(12) *Public Works Department in Coorg.*—The Chief Secretary, Coorg, explains that at present one Division was manned by Officers of the Central Public Works Department and these Officers are likely to be withdrawn from the 1st November 1956. It was agreed that

action should be taken to make necessary postings before the Central Government Officers are withdrawn.

recoverable as at present for the area of Coorg and the rest of the Mysore State separately.

Recorded.

(20) *Constitution of a Revenue Appellate Authority.*—The Chief Secretary to the Mysore Government explained that submitting proposals regarding the constitution of the Revenue Board for appellate and revisional work under Revenue Laws was considered. The proposals are to have the Commissioner of the Headquarters Division as the Chairman of the Revenue Board and to constitute the Board with the Commissioner for Settlement, Land Records and Religious Endowments and the Special Officer, Efficiency Audit, as *Ex-officio* member. A wholetime Officer of the status of the District Judge will also be a member of the Board and it is necessary to appoint an I.A.S. Officer also in the senior time scale as a permanent member of the Board. These proposals involved the increase of one post in the Cadre. The Committee considered these proposals and accepted the same as being suitable.

Approved as a temporary measure.

(21) *Accommodation for the S. R. P. Battalion of Sambre near Belgaum.*—The Bombay representative explained that at present there is one Battalion of the Bombay State Reserve Police located at Sambre seven miles from Belgaum. He also explained that it was proposed to retain this Battalion at the place in the Military buildings in which they are now accommodated. The Committee considered the proposal and decided that there was no objection to the same. The Chief Secretary to the Mysore Government pointed out that it would be necessary for the New State of Mysore to locate at least two Companies of the Armed Reserve in Belgaum and suitable accommodation would be necessary for this purpose. The Bombay representative agreed to examine the accommodation situation. The accommodation at Sambre could be left at the disposal of the Bombay Government subject to suitable accommodation being found for the Reserve Police Force of the Mysore State to be located at Belgaum.

Approved.

(22) *Conduct of Examinations by the Bombay Technical Examinations Board.*—The Department of Technical Examinations in Bombay conducts examinations in Engineering, Technical and Commercial courses approved by the State Council of Technical Education. Candidates from throughout the State are admitted to these examinations. Certain of the examinations conducted on a State-wide basis are the following :

(1) Examination for Diploma and Certificate Course in Engineering and Technical subjects conducted by the Department of Technical Education, Bombay.

(2) The Drawing Grade and Higher Arts Examinations.
(3) The Government Commercial Diploma and Certificate Examination, Bombay, and
(4) Steam Boiler Examinations.

The Bombay Government feel that it is necessary to make arrangements for holding these examinations after 1st November 1956 for candidates of the Karnatak Districts. The problem now is whether the Mysore Government would make their own arrangements for the conduct of these examinations or the existing facilities would be availed of for some time. As these examinations cannot be conducted by the respective Boards of the Mysore State immediately, it was agreed that the Bombay Board may hold the examination till April 1957.

Approved.

(23) *Multi Unit Co-operative Societies.*—In view of the law already passed in Hyderabad, the suggestion of the Reserve Bank may be accepted and suitable legislative measures undertaken to take over the Societies before the appointed day.

Approved.

(24) *Utilisation of Hyderabad Stamps.*—It was explained that the Hyderabad Stamps were in O.S. currency. Hence using of India Stamps without altering the rates would present difficulties. So, it was suggested that the Hyderabad Stamps may be used temporarily after being superscribed from the appointed day and this was agreed to.

Approved.

(25) *District set up of Coorg.*—As further particulars seem necessary it was agreed that the same may be obtained from Coorg Government and proposals as finalised after further discussion may be placed before the next meeting.

The Chief Minister of Coorg stated that the proposals now submitted with regard to the District set up in Coorg may be approved and that steps may be taken to absorb the personnel that will be intimated by the Government of Coorg within a week. The Committee *approved* of the suggestion.

(26) *Tungabhadra Hydro-Electric Scheme—Orders for Machinery.*—It was agreed to call for tenders for the entire requirements of the transmission lines and substitutions for the entire project and that the said tenders may be invited by the Government of Mysore

as the Government of Hyderabad is agreeable to such a step as long as there is no legal disability and further needful action taken.

Approved.

(27) *Jahagir Settlement.*—The proposal made on behalf of the Andhra Pradesh Ministerial Committee that the work relating to the exclusive Jagirs should be handled only by the Jagir administrator, the Atiyat Court and the Jahagir Debt Settlement Board in Hyderabad was considered and it was felt that it is not desirable to accept the said proposal in regard to the exclusive Jahagirs. The Government of Mysore may appoint a suitable Officer attached to the Divisional Commissioner of the concerned area to deal with such matters.

Regarding mixed Jahagir it was noted that as per Section 125 of the States Reorganisation Act the principal successor State will have to deal with these Jahagirs. As the liability by way of compensation will be large in these cases, it was considered that the successor State should be consulted before the award is finalised.

Approved.

(28) *Administrative set up of the Secretariat.*—The Administrative set up of the Secretariat as proposed was discussed and the same was agreed to provisionally subject to such adjustments and alterations with reference to the allocation of personnel from the integrating States being considered when they are received. The set up as finalised may be placed at the next meeting.

Recorded.

(29) *Appointment of Probationers to the Public Works Department, Medical and Public Health Departments.*—The Chief Secretary to Government of Mysore, explained that as against 70 existing vacancies in the Public Works Department and 55 vacancies in the Medical and Public Health Departments, 30 Probationers for Public Works Department and 40 Probationers of Medical and Public Health Departments are proposed to be appointed as the Public Service Commission have interviewed the candidates and submitted their proposals. The Committee feels that as there are vacancies in the Departments referred to above in the integrating areas of the New Mysore State, the recruitment of Probationers for these Departments may be proceeded with as suggested.

Approved.

DETERMINING THE HEADQUARTERS OF THE THIRD DIVISION.

The Committee received the deputations from Shimoga, Bellary, Raichur and Gulberga with reference to the formation of the Divisions and location of Headquarters of the Divisions.

The Committee discussed this question in detail and considered the desirability of forming Divisions so as to combine the areas of the integrating States with the areas of existing State of Mysore. The question of formation of the Divisions so as to include all the Malnad areas in the New State of Mysore was also considered. The Committee felt that in view of the diversity of laws and systems of administration prevailing in the various areas and the problems arising as a result thereof in the initial stages of the formation of the New State of Mysore, the four Divisions are contemplated to be formed as a purely temporary measure. The Headquarters of the Divisions proposed is also determined as a temporary measure. The Committee also felt that no expenditure should be incurred for construction of buildings in view of locating the Headquarters of the Divisions in any of the four places that are noted below.

The Committee decided that keeping these points in view the New State may be divided into four divisions with Headquarters for each Division as indicated below:—

FIRST DIVISION.

Bangalore Division:—Comprising of the Districts of Bangalore, Tumkur, Kolar, Chitaldrug and Bellary with Headquarters at Bangalore;

SECOND DIVISION.

Mysore Division:—Comprising of the Districts of Mysore, Coorg, Mandya, Hassan, South Kanara, Chikmagalur and Shimoga with Headquarters at Mysore;

THIRD DIVISION.

Belgaum Division:—Comprising of the Districts of Belgaum, Bijapur, Raichur, Dharwar and North Kanara with Headquarters at Belgaum; and

FOURTH DIVISION.

Gulberga Division:—Comprising of the Districts of Gulberga, Raichur and Bidar with Headquarters at Gulberga.

CONSIDERATION OF THE QUESTION OF GRANT OF INTERIM RELIEF TO THE GOVERNMENT SERVANTS OF THE EXISTING STATE OF MYSORE.

The question of the grant of interim pay relief prior to the "Appointed Day" to the Government Servants of Mysore, in view of the prevailing low scales of pay in the existing Mysore State, was considered. The proposal to grant a personal allowance of 10 per cent of pay of the said Government servants drawing Rs. 500 and below, with effect from 1st August 1956, subject to a minimum of Rs. 5 per mensem and a maximum of Rs. 20 is accepted. This personal allowance is to be absorbed after common pay scales are evolved for the New State of Mysore, after the appointed day.

PAY STRUCTURE COMMITTEE.

The Committee considered it desirable to suggest that a Committee be appointed immediately after the formation of the New State, with a view to evolve the scales of pay and allowances to be adopted in the case of officers and officials in the New State of Mysore.

FUTURE OF THE SALAR JUNG MUSEUM AT HYDERABAD.

It was agreed that the matter may be investigated in consultation with the Law Department and the same placed for consideration at the next meeting.

Letter dated 4th September 1956, from Sri B. P. Shetti, Press Correspondent, to the Chief Minister, making certain allegations with regard to the allocation of personnel from Bombay to the Mysore State :—

It was agreed that in considering the allocation of Gazetted Officers from the State of Bombay to the New State of Mysore, the points raised in this letter may be kept in view, while examining the details of allocation by the Officers and that the Officers' Committee may also consider this when the allocation lists are to be finalised before acceptance.

TAKING OVER THE MANAGEMENT AND RUNNING OF BUS SERVICES IN THE BOMBAY-KARNATAK AREA FROM THE STATE TRANSPORT CORPORATION OF BOMBAY AS FROM THE APPOINTED DAY.

The Committee is of the opinion that immediate steps should be taken in consultation with the oGvernment of Bombay and the State Transport Corporation of Bombay to secure a directive from the Central Government under section 109 of the States Re-organisation Act in order to get the transfer of the assets and liabilities of the Karnatak area of the existing State of Bombay in the said Corporation of Bombay with a view to undertake the Transport operations in the said area from the "Appointed Day".

Proposals regarding the nomination of I.A.S. and I.P.S. Officers against the posts of Secretaries and Heads of Departments.—It was agreed that immediately after nominations to the Key Posts are finalised, proposals may be put up.

Consideration of the allocation statements of Gazetted and Non-gazetted Officers and Officials received from Madras and Coorg.—The Committee felt that the matter may be discussed between the representatives of Mysore and Madras and between Mysore and Coorg and finalised and further action taken.

Powers and Duties of the Divisional Commissioners.—The Draft proposal was agreed to with the modification that the control of the Divisional Commissioner over the Police force will be with reference to maintenance of Law and Order in the area and does not extend to the powers vested in the Officers of the Police Department regarding internal organisation and discipline.

Accommodation for the Officers and the Officials at Bangalore.—The Mysore representative stated that 500-single-room tenements constructed under the Housing Scheme fit for occupation by non-gazetted staff have been secured and that 23 bigger units fit for

occupation by Officers built by the Bangalore Trust Board are also available. It is also proposed to run an Officers' Mess for gazetted staff and a Hostel for the non-gazetted staff to accommodate about 250 in all. It is also proposed to secure available accommodation through the Accommodation Controller even if it involves payment of a rent for a short period by Government. It was also mentioned that steps are being taken to provide accommodation for the expanded Cabinet and Legislators. It was considered by the Committee that these measures were adequate and would probably meet the situation.

An Assistant Commissioner is proposed to be appointed to look into the accommodation and other allied matters connected with the States Reorganisation.

Accommodation for Offices and Staff at Regional Centres, Mysore.—It was mentioned that some difficulty may be experienced in finding suitable accommodation in Mysore, but efforts would be made to secure the necessary accommodation.

Record of Conclusions reached at the Meeting of the Inter-State, Belgaum.—The Bombay representative explained that Regional Offices are already located and functioning at Belgaum and that the problem does not present any difficulty.

As regards the Third Division, the question will be considered after the Headquarters of the Division is determined.

Revision and Co-ordination of Second Five-Year Plan.—It was explained that except in the case of Coorg the break up regarding the Second Five-Year Plan had not been received from any other State. The representatives of Bombay and Hyderabad stated that they are being prepared and they hope to be able to send it in a week's time. Shri Jayaram, representative of Madras also stated that it will be sent within a week.

Preparation of the Budget Estimates for the New State.—It was mentioned that the Budget estimates for the New State have been received from Hyderabad. The representative of Bombay hopes to send them in about a week's time.

The matter was discussed and it was agreed that the statements received from various States may be examined in the Finance Department of the Mysore Government and if necessary a representative of the Finance Department may go to Hyderabad, Bombay and

Madras to get necessary clarifications or obtain explanations on points that may arise.

Continuance of facilities for the people of Chandghad Taluk in the Institutions at Belgaum.—The Bombay representative explained that the people of Chandghad Taluk are getting medical facilities in the Hospital at Belgaum and are also receiving educational facilities from private and Government education institutions located at Belgaum. He requested the same facilities may be continued even after the formation of the New State. It was explained that so far as medical facilities are concerned the same are not denied in medical institutions in any State merely on the score that the person seeking treatment does not belong to that State. It was agreed that instructions may be issued to the institutions in Belgaum to continue these facilities.

Regarding educational facilities also it was agreed that the Government institutions may be requested to continue the same facilities for a period of three years to the people of Chandghad Taluk as at present. It was agreed that private Educational institutions in Belgaum would also be addressed to offer similar facilities to the people of Chandghad Taluk.

Having a Liaison Officer at Hyderabad.—The Committee agreed to the proposal to have Liaison Officers in all the four integrating areas. To begin with he will be part-time Officer and may be made whole-time, if necessary, after the appointed day. The Bombay and Hyderabad representatives stated that they will nominate Officers after getting back. Coorg nominated Sri M. Srinivasa Rao and Madras has promised to suggest the name of the Officer to be so appointed.

Protection of Service Conditions of Allocated Employees, continuance of the existing Scales of Dearness Allowance prevailing in the various areas, merging in the New Mysore State, till common scales of Pay and Dearness Allowance are evolved.—The matter was discussed and attention was invited to the proviso under Section 115 (7) of the State Reorganisation Act dealing with this subject. It was agreed that the existing scales of pay and allowances of all the staff belonging to the integrating areas may be continued after the appointed day till such time as these scales of pay or allowances are modified by competent authority as provided for in the Section referred to.

Grant of "Disturbance Allowance" to such of the Officers/Officials, who may have to move to Bangalore.—The matter was

discussed and it was agreed that two months' advance of pay subject to a ceiling of Rs. 1,500 plus the advance of actual travelling allowance may be paid to all the Government servants who are required to move from their present Headquarters into Bangalore on the appointed day. It was also agreed that the advance of pay may be recovered in 12 monthly instalments.

The Chief Secretary, Hyderabad, mentioned that the Hyderabad Government had taken a decision to treat one month's pay out of the two month's pay sanctioned as advance to Class IV employees as an *ex gratia* grant. The representative of Coorg supported the proposal. The representatives of Bombay and Mysore stated that they wanted time to consider the proposition.

Continuance of the State Reorganisation Section of Coorg after the appointed day.—The matter was discussed and it was agreed that a small section that may be required for dealing with the reorganisation problems in Coorg may be retained if necessary. The staff would work under the Deputy Commissioner of the District.

Exchange of Hyderabad Class IV Employees allocated to Mysore.—The Chief Secretary, Hyderabad, suggested that with regard to Class IV employees, the Government of Mysore may agree to take persons now employed in Madras by the Andhra State in place of an equal number of Class IV employees of Hyderabad allocated to Mysore, the arrangement to be on a voluntary basis. The Chief Secretary, Mysore, stated that this cannot be conceded in principle and that the matter may be examined after knowing the number of Andhra Class IV employees who may be willing to come to Bangalore.

Additional subjects proposed by Coorg.—(1) *Division of the New Mysore State into convenient Circles or Divisions for the purpose of Administration of other Departments such as* (1) Excise, (2) Forests, (3) Police, (4) Education, (5) Public Works Department, (6) Public Health, (7) Co-operation, (8) Veterinary, (9) Agriculture, (10) Agricultural Income-tax, (11) Industries, etc., and the fixation of the (*a*) Headquarters and (*b*) Staff.

The matters regarding Police and Administration has already been dealt with.

With regard to the Regional Offices of other Departments it was agreed that the Heads of Departments after they are designated should take into consideration the existing set up and formulate proposals as far as possible before the appointed day.

(2) *Public Works Department in Coorg.*—The Chief Secretary, Coorg, explained that at present one Division was manned by Officers of the Central Public Works Department and these Officers are likely to be withdrawn from the 1st November 1956. It was agreed that action should be taken to make necessary postings before the Central Government Officers are withdrawn.

(3) *Designation of the Deputy Commissioner to be changed as Collector and District Magistrate.*—It was noted that in Coorg the Deputy Commissioner will have to be appointed on the appointed day.

(4) *Subedars and Amildars to be designated as Tahsildars.*—It was agreed that there was no need to change the designations of Officers in the integrating areas before the appointed day.

(5) *Continuance of the appointment of the Government Pleader in Coorg after 1st November* 1956.—Withdrawn.

(6) *Continuance of the Advisory Boards constituted in Coorg under Education, Community Projects, Provincial Transport authority, Land Development Board, etc.*—It was explained to the Coorg representative that the existing Boards and Advisory bodies will continue until alternative arrangements are made.

(7) *Constitution of an Appellate or Revisional Authority at Government Level.*—It was explained that a proposal to establish a Revenue Board to act as the Appellate or Revision authority for the whole State was under consideration.

(8) *Electoral Rolls.*—It was explained that the Chief Electoral Officer in the New State will attend to the Electoral rolls and the appointment of Officers connected therewith.

(9) *Draft Notification to be issued under Section* 122 *of the States Reorganisation Act,* 1956—The Draft Notification will be scrutinised by the State Reorganisation Secretariat and issued in due course.

(10) *Road Tax on Public Transport Services under Motor Vehicles Taxation Act—Revision of.*—It was explained to the Coorg representative that the Road Tax on public transport services would have been recovered in October from the vehicles concerned and till such time as the amendments to the law are made the tax will be recoverable as at present for the area of Coorg and the rest of the Mysore State separately.

(11) *Constitution of a Revenue Appellate Authority.*—The Chief Secretary to the Mysore Government explained that submitting proposals regarding the constitution of the Revenue Board for appellate and revision work under the revenue laws was considered. The proposals are to have the Commissioner of the Headquarters Division as the Chairman of the Revenue Board and to constitute the Board with the Commissioner for Settlement, Land Records and Religious Endowments and the Special Officer, Efficiency Audit as *Ex-Officio* members. A whole-time Officer of the status of the District Judge will also be a member of the Board and it is necessary to appoint an I.A.S. Officer also in the senior time scale as a permanent member of the Board. These proposals involved the increase of one post in the Cadre. The Committee considered these proposals and accepted the same as being suitable.

Accommodation for the S. R. P. Battalion of Sambre near Belgaum.—The Bombay representative explained that at present there is one Battalion of the Bombay State Reserve Police located at Sambre seven miles from Belgaum. He also explained that it was proposed to retain this Battalion at the place in the Military buildings in which they are now accommodated. The Committee considered the proposal and decided that there was no objection to the same. The Chief Secretary to the Mysore Government pointed out that it would be necessary for the New State of Mysore to locate at least two companies of the Armed Reserve in Belgaum and suitable accommodation would be necessary for this purpose. The Bombay representative agreed to examine the accommodation situation. The accommodation at Sambre could be left at the disposal of the Bombay Government subject to suitable accommodation being found for the Reserve Police Force of the Mysore State to be located at Belgaum.

Conduct of Examinations by the Bombay Technical Examinations Board.—The Department of Technical Examinations in Bombay conducts examinations in Engineering, Technical and Commercial courses approved by the State Council of Technical Education. Candidates from throughout the State are admitted to these examinations. Certain of the examinations conducted on a State-wide basis are the following :—

(1) Examinations for Diploma and Certificate Course in Engineering and Technical subjects conducted by the Department of Technical Education, Bombay.
(2) The Drawing Grade and Higher Arts Examinations.
(3) The Government Commercial Diploma and Certificate Examinations, Bombay, and
(4) Steam Boiler Examinations.

The Bombay Government feel that it is necessary to make arrangements for holding these examinations after 1st November 1956 for candidates of the Karnatak Districts. The problem now is whether the Mysore Government would make their own arrangements for the conduct of these examinations or the existing facilities would be availed of for some time. As these examinations cannot be conducted by the respective Boards of the Mysore State immediately, it was agreed that the Bombay Board may hold the examinations till April 1957.

Multi-purpose Unit Co-operative Societies.—In view of the law already passed in Hyderabad, the suggestion of the Reserve Bank may be accepted and suitable legislative measures undertaken to take over the Societies before the appointed day.

Utilisation of Hyderabad Stamps.—It was explained that the Hyderabad Stamps were in O. S. currency. Hence using of India Stamps without altering the rates would present difficulties. So it was suggested that the Hyderabad Stamps may be used temporarily after being superscribed from the appointed day and this was agreed to.

District set up of Coorg.—As further particulars seem necessary it was agreed that the same may be obtained from Coorg Government and proposals as finalised after further discussion may be placed before the next meeting.

Tungabhadra Hydro-Electric Scheme—Orders for Machinery.—It was agreed to call for tenders for the entire requirements of the transmission lines and sub-stations for the entire project and that the said tenders may be invited by the Government of Mysore as the Government of Hyderabad is agreeable to such a step as long as there is no legal disability and further needful action taken.

Jagir Settlement.—The proposal made on behalf of the Andhra Pradesh Ministerial Committee that the work relating to the exclusive Jagirs should be handled only by the Jagirs administrators, the Attiat Court and the Jahagir Debt Settlement Board in Hyderabad was considered and it was felt that it is not desirable to accept the said proposal in regard to the exclusive Jahagirs. The Government of Mysore may appoint a suitable Officer attached to the Divisional Commissioner of the concerned area to deal with such matters.

Regarding mixed Jahagir it was noted that as per Section 125 of the States Re-organisation Act the principal successor State will have to deal with these Jahagirs. As the liability by way of compensation

will be large in these cases, it was considered that the successor State should be consulted before the award is finalised.

Administrative set up of the Secretariat.—The Administrative set up of the Secretariat as proposed was discussed and the same was agreed to provisionally subject to such adjustments and alterations with reference to the allocation of personnel from the integrating States being considered when they are received. The set up as finalised may be placed at the next meeting.

Appointment of Probationers to the Public Works Department, Medical and Public Health Departments.—The Chief Secretary to Government of Mysore, explained that as against 70 existing vacancies in the Public Works Department and 55 vacancies in the Medical and Public Health Departments, 30 Probationers for Public Works Department and 40 Probationers for Medical and Public Health Departments are proposed to be appointed as the Public Service Commission have interviewed the candidates and submitted their proposals. The Committee feels that as there are vacancies in the Departments referred to above in the integrating areas of the New Mysore State, the recruitment of Probationers for these Departments may be proceeded with as suggested.

S. MUNINANJAPPA,

Special Secretary to Government,
State Reorganisation Department.

Subject:—**SET UP OF THE SECRETARIAT.**

The State of Mysore to be formed under the scheme of Reorganisation will be a new State with parts of Bombay, Madras and Hyderabad and the whole of the State of Mysore and Coorg, constituting the integrating Units. The size of the new State is going to be very much bigger, compared to what it is now, resulting in considerable increase of work in all Departments, both at the Secretariat and at the Departmental level. The existing Mysore State provides the Secretariat for the new State and it requires to be enlarged to cope up with the increased volume of work.

At present there are the following Secretaries to Government:—

(1) The Chief Secretary;
(2) The Secretary to Government, Finance Department;
(3) The Secretary to Government, Revenue Department;
(4) The Secretary to Government, Home, Forest and Agriculture Departments;
(5) The Secretary to Government, Development Department;
(6) The Secretary to Government, Public Works and Electrical Departments;
(7) The Secretary to Government, Education and Local Self-Government Departments;
(8) The Secretary to Government, Planning Department;
(9) The Special Secretary to Government, State Reorganisation Department (*Temporary*);
(10) The Secretary to Government, Law Department; and
(11) The Special Secretary to Government, Revision of State Laws (*Temporary*).

The first nine posts are held by Officers belonging to the I.A.S. cadre and the last two are held by Officers belonging to the cadre of District Judges. At present the Education Secretary and the Revenue Secretary are entrusted with work relating to other Departments in addition to the Education and the Revenue Departments. Even as it is now, they are saddled with heavy responsibility and with the increase of work after the formation of the new State it will be impossible to attend to all the items of work, relating to the Education Department and the Medical and Public Health Departments. It is therefore necessary that there should be an additional post of Secretary to Government exclusively for the L. S. G., Medical and Public Health Departments with some additional items of work also attached to him, should any re-adjustment becomes necessary.

With the all-round increase of work in the Departments, the work in every Branch of the Secretariat will correspondingly increase and to have necessary relief there is need for creating some posts of Deputy Secretaries. The number of Deputy Secretaries may be nine, one for the Chief Secretariat, one for the Finance Department, one for Revenue Department, one for the Commerce and Industries Department, one for the Planning and Development Department, one for the Public Works and Electrical Departments, one for the L. S. G. and Public Health Departments, one for Home Department and one for Law Department. Of these nine posts, four will be held by I.A.S. Officers, two by Mysore State Civil Services, two by the Officers of Non-Civil Service cadre (promoted from the grade of Superintendents of the Secretariat) and one by an Officer of the Judicial Department.

There are at present 21 posts of Under and Assistant Secretaries to Government including the Registrar, Mysore Government Secretariat, and they are the following :—

(1) Under Secretary, Home ;
(2) Assistant Secretary, Revenue ;
(3) Assistant Secretary, Agriculture and Forest Departments ;
(4) Registrar, Mysore Government Secretariat ;
(5) Assistant Secretary, Education ;
(6) Assistant Secretary, Finance ;
(7) Assistant Secretary, Medical ;
(8) Assistant Secretary, Chief Secretariat ;
(9) Assistant Secretary, Municipal Branch ;
(10) Assistant Secretary, State Reorganisation (*Temporary*) ;
(11) Assistant Secretary, Budget ;
(12) Assistant Secretary, Labour ;
(13) Assistant Secretary, Food and Traffic Board (*Temporary*) ;
(14) Assistant Secretary, Legislation ;
(15) Assistant Secretary, Special Revenue ;
(16) Assistant Secretary, Commerce and Development (*Temporary*);
(17) Assistant Secretary, Local Boards ;
(18) Assistant Secretary, Industries ;
(19) Under Secretary, Public Works ;
(20) Assistant Secretary, Electrical ; and
(21) Assistant Secretary, Law.

Some of the Assistant Secretaries have already heavy work on hand. With the formation of the new State the activities of the Departments are bound to increase when it would be impossible for one Officer to cope up with the work efficiently and expeditiously. It is therefore absolutely necessary to give relief to some Assistant Secretaries. In view of this it is proposed to increase the number

of Under and Assistant Secretaries by 22 and they may be allocated as under :—

(1) Chief Secretary : Under Secretary (1) and Assistant Secretaries (3) ;
(2) Finance Secretary : Assistant Secretaries (4) ;
(3) Revenue Secretary : Assistant Secretaries (4) ;
(4) Planning Secretary : Assistant Secretaries (2) ;
(5) Education Secretary : Assistant Secretaries (3) ;
(6) Industries and Commerce Secretary : Assistant Secretaries (4) ;
(7) Local Self-Government and Public Health Secretary : Assistant Secretaries (4) ;
(8) Public Works Secretary : Under Secretary (1) and Assistant Secretaries (3) ;
(9) Home Secretary : Under Secretary (1) and Assistant Secretaries (4) ;
(10) Law Secretary : Assistant Secretaries (2) ;
(11) Special Law Secretary : Assistant Secretaries (3) ; and
(12) Special Secretary, State Reorganisation : Assistant Secretaries (4) .

Non-gazetted Staff.—The present Clerical strength of the Mysore Government Secretariat is noted below :—

(1)	Superintendents	.. ..	34
(2)	First Division Clerks	.. ..	212
(3)	Second Division Clerks	.. ..	150
(4)	Stenographers and Typists	.. ..	130

The work in the Education Branch, the Revenue Branch, the Administration Branch and the Agriculture and Forest Branch is already heavy and the bifurcation of these Branches is urgently called for. On the formation of the new State, there will be general increase in work in all the Branches. The number of Superintendents is proposed to be fixed at 61 and of First Division Clerks including leave reserves at 327 with reference to the strength of the existing Mysore Secretariat and also the staff from outside. Their distribution will be determined separately later having regard to the work-load in each Department of the Secretariat.

Separate proposals will be put up regarding Second Division Clerks, Stenographers and Typists and Menials.

The set-up of the Secretariat and the different Headquarters Offices for the New State has been prepared in broad outline after discussion with the Secretaries and Heads of Departments in the present State of Mysore. It would have been preferable if discussions could have been held with appropriate Departmental Officers of all the integrating States, but this was not a feasible proposition in the time available. It is suggested that these proposals, which are tentative, should be accepted as the organisational set-up on 1st November 1956. Any modifications required therein can be considered later by the respective Departments and Government orders obtained thereon.

S. MUNINANJAPPA,

Special Secretary,

State Reorganisation Department.

PROCEEDINGS OF THE MEETING WITH THE HEADS OF DEPARTMENTS IN REGARD TO FUTURE LAY-OUT OF NEW MYSORE.

I. REVENUE ADMINISTRATION.

PRESENT.

1. Sri P. V. R. Rao, I.C.S., Chief Secretary, Government of Hyderabad. (Chief Secretary-designate of the New Mysore State).
2. Sri S. Muninanjappa, I.A.S., Special Secretary to Government of Mysore.
3. Sri N. Madhava Rao, I.A.S., Revenue Commissioner in Mysore, Bangalore.
4. Sri G. V. K. Rao, I.A.S., Secretary to Government, Revenue Department, Bangalore.

Set up of the Divisional Commissioners' Offices :—

It was agreed that the Divisional Commissioners at Bangalore, Mysore and Belgaum should be assisted by 3 Assistant Commissioners, one for Revenue and allied matters, one for Local Self-Government work and one for Development work.

2. The staff which would be needed for each division will be broadly as indicated in the annexure, along with an officer of the grade of Taluka Officer to work as Manager or Registrar of the office.

3. Gulberga Division will not need 3 Assistant Commissioners. One Assistant Commissioner for Headquarters, and a Special Assistant Commissioner for Development work who may be stationed at Munirabad should be sufficient. There should be corresponding reduction in the clerical staff. The actual strength can be adjusted in the light of the personnel available.

4. Arrangements will have to be made for Revenue Appellate work. This work is done by the Board of Revenue in Mysore, by the Revenue Tribunal in Bombay which has a Bench at Belgaum, and in Hyderabad, by the Hyderabad Board of Revenue which is responsible both for Executive and Judicial work. It is desirable that there should be a single Board of Revenue or Revenue Tribunal for the whole State. For the present, the authorities will have to work under the laws in force in the respective States. The exact manner in which this can be achieved will be examined in consultation with the Law Department.

5. It is recommended that there should be a Chairman for the Board of Revenue/Revenue Tribunal to co-ordinate the duties of the Authority throughout the whole State. A Bench of the Authority

may sit at Belgaum. The Authority will require certain clerical staff, the details of which will be worked out separately.

6. Arrangements will have to be made for work relating to the resumption of Inams in the areas of the old Mysore State and for the Jahgir Administration and Atiyat work in the Hyderabad-Karnatak areas. After considering all aspects, it was agreed that this work should be entrusted to the Divisional Commissioners. The Commissioner, Gulberga will be notified as Jahgir Administrator and Nazim/Atiyat. The special staff which has been sanctioned for this purpose in Mysore State should be placed at the disposal of the Commissioners of Bangalore and Mysore.

II. COMMISSIONER FOR SETTLEMENT AND CHARITABLE ENDOWMENTS.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri N. Madhava Rao, I.A.S., Revenue Commissioner.
4. Sri G. V. K. Rao, I.A.S., Revenue Secretary.

1. This officer will be responsible for the following items of work :—

(*a*) Settlement and Land Records throughout the State;
(*b*) Muzrai in Mysore State, all work pertaining to the Charity Commissioner in Bombay areas, the Endowment Department in the Hyderabad State, the Hindu Religious and Charitable Endowments Act, Madras, and corresponding work in Coorg; and
(*c*) Custodian of Evacuee Property and Commissioner for Rehabilitation and Relief.

2. The Assistant Charity Commissioner at Belgaum will work under his control. The Endowments Work in Hyderabad areas will be looked after by the Deputy Settlement Commissioner, Gulberga, under the general control of the Settlement Commissioner.

3. The staff of this office will be as indicated in the annexure.

III. DEPARTMENT OF LABOUR.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri K. Balasubramanyam, I.A.S., Secretary, Planning Department.
4. Sri M. Maheshiah, I.A.S., Labour Commissioner.

Apart from the Administration of the various Labour Laws, the Labour Commissioner will also be responsible for the Administration of the Laws relating to Factories and Boilers, the Shops and Establishments, etc. He also functions as a Regional Provident Fund Commissioner under the Central Law and his jurisdiction in this respect may be extended over the whole State. While the main bulk of work will fall to be done at the Headquarters at a high level under the immediate supervision of the Labour Commissioner, it is felt that having regard to the number of Industrial Establishments in the Northern areas of the State, an Assistant Labour Commissioner and an Inspector of Factories and an Inspector of Boilers should be located at Hubli. The Assistant Labour Commissioner may be provided with a staff of one Superintendent and four Clerks and each of the Inspectors with three Clerks. The rest of the staff coming from the Offices of the Labour Commissioner and the Chief Inspectorate of Factories and Boilers of Bombay and Hyderabad will be taken into the headquarters, where there is a need for this extra staff. It is understood that Madras and Coorg are not giving any staff.

IV. DIRECTORATE OF SOCIAL WELFARE.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri H. J. Veerappa, B.A., Headquarters Assistant to the Commissioner for the Depressed Classes (in the absence of the Commissioner).

1. At present, there is a Commissioner for Depressed Classes in the State of Mysore who is holding this post in addition to the post of Additional Development Commissioner. In Bombay and Hyderabad, there are respectively a Director of Backward Class Welfare and a Director, Social Services. The work relating to the welfare of Scheduled Castes and Scheduled Tribes will increase considerably with the expansion of the area of the New State and the increased impetus given in this direction by the provision made for the purpose in the Second Five-Year Plan. It is noted that the Depressed Class Policy Committee set up by Mysore State has resolved that the post of Commissioner for Depressed Classes should be revived as a full-time post. It is accordingly proposed that there should be a Director of Social Welfare with jurisdiction over the whole State who will be responsible for all measures connected with the improvement of the conditions of Scheduled Castes, Scheduled Tribes, Ex-Criminal Tribes and other Backward Classes.

2. There is at present a Personal Assistant to the Commissioner at Headquarters of the grade of an Amildar. This post has been recently sanctioned on a temporary basis. It is proposed that this post should be surrendered and a post of Assistant Director created at Headquarters. In addition, there should be two Divisional Assistant Directors—one in the North with headquarters at Dharwar and having jurisdiction over the Belgaum and Gulberga Divisions, and the other in the South with headquarters at Mysore and jurisdiction over the Bangalore and Mysore Divisions.

3. The clerical staff for these offices will be separately worked out.

V. DEVELOPMENT COMMISSIONER.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri K Balasubramanyam, I.A.S.
4. Sri H. J. Veerappa, B.A.

1. The Planning and Development Department in the Secretariat will have the Additional Development Commissioner as its *ex-officio* Secretary. This officer will combine under him the work relating both to the First and the Second Five-Year Plans and the National Extension Service Blocks and the Community Projects. As Commissioner, he will be directly in-charge of all executive work arising in this connection, except such work as may specifically be allocated to any other particular Department.

2. The staff at present with the Commissioner for Planning and Development and the staff with the Additional Development Commissioner for purpose of the National Extension Service and Community Projects Administration will be combined into one single office and form the nucleus of this office. The post of Assistant Secretary, Economic Conference, will have to be redesignated as Assistant to the Development Commissioner (Planning).

3. Whether any extra clerical staff will be necessary will be examined separately

VI. PUBLIC WORKS DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri H. Ananthachar, B.E., Chief Engineer of Mysore.
4. Sri T. Ramaswami Iyengar, B.E., Special Chief Engineer for Major Irrigation Works.

1. In the new State there will be three Chief Engineers and their designation and duties may be as under:—

(*a*) Chief Engineer, General.
(*b*) Special Chief Engineer, Major Irrigation—South.
(*c*) Special Chief Engineer, Major Irrigation—North.

2. The Chief Engineer, General, will be in charge of Establishment, Minor Irrigation Works (schemes costing less than Rs. 10 lakhs), Highways and Communications, Buildings, Sanitary Engineering throughout the State and the incomplete Irrigation Works already in his charge in the present Mysore State. His headquarters will be at Bangalore.

3. The Special Chief Engineer, South, will be in charge of the Major Irrigation Works in the present Mysore State, excluding the Tungabhadra Low Level and High Level Canal Works, the Kabini Project and other Second Five-Year Plan Major Irrigation Works within the limits of the present Mysore State costing Rs. 10 lakhs and above and all similar works in South Kanara, Coorg and Kollegal. His headquarters will, for the present, be at Bangalore.

4. The Special Chief Engineer, North, will be in charge of the Tungabhadra Project including the Low Level and the High Level Canals, the Rajolibanda Project, and all Second Five-Year Plan Major Projects costing Rs. 10 lakhs and above in the Hyderabad and Bombay areas. His headquarters will be at Munirabad.

5. The Chief Engineer, General, will be assisted by three Deputy Chief Engineers of the status of Executive Engineers, in addition to the Executive Engineer, Designs—one in charge of Irrigation, one in charge of Roads and Buildings and one in charge of Public Health and Sanitation. The Special Chief Engineer, South, may be given two Deputy Chief Engineers of the status of Executive Engineers. The Chief Engineer, General, may be given six Technical Assistants of the grade of Assistant Engineers and the Special Chief Engineer, South, may have four Technical Assistants. In addition to the above, the Chief Engineer, General will have one General Assistant of the grade of Assistant Commissioner and a Registrar who is coming from Hyderabad.

6. The Special Chief Engineer, North will continue with his present staff.

7. So far as Financial Section is concerned, there may be one Chief Accounts Officer of the grade of Deputy Controller in addition to the present Financial Assistant of the grade of Assistant

Controller. One Financial Assistant of the grade of Assistant Controller may be given to the Special Chief Engineer, South. A similar arrangement will be necessary in respect of the Special Chief Engineer, North if he has no Financial Assistant already.

8. The appointment of Controller, Central Stores, may continue.

9. The Government Architect and the two Assistant Architects will continue and will take over the staff allocated (the Architects or Town Planning Departments) from the other States, if any.

10. The Madras State is allocating a Ports Officer to the Mysore State. Conservation and Development of Ports may be made the responsibility of the Chief Engineer, General and this Officer placed under him.

11. The existing circles in Mysore, Bombay and Hyderabad States will continue with Kollegal and Coorg added on to the Cauvery Circle (Mysore), South Canara to Shimoga Circle and Bellary to Raichur Circle. The Circle charges may be re-adjusted where necessary to fit in with the Chief Engineers' charges.

12. The Chief Engineer, Tungabhadra is coming with his staff. The staff coming from the Chief Engineer's Office from Bombay will be added on to the Office of the Chief Engineer, General. It is understood that Madras and Coorg will not be contributing any staff. Each of the Offices of the two Chief Engineers may retain the staff to the extent of 20 per cent over their existing staff in the different grades. If the number of persons coming is more than this, either they should be notified as surplus to the State Reorganisation Department or if any of the Chief Engineers require their services, full details for the retention of every one of the persons should be furnished.

VII. STATE TRANSPORT AUTHORITY.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri K. Henjerappa, B.A., B.L., Transport Commissioner and Chairman, State Transport Authority.

1. The Transport Commissioner and Chairman, State Transport Authority, suggested certain increases in his staff both because his present staff was quite inadequate to cope up with the work from the existing State of Mysore and also because of the expected increase in work from the new areas. As far as these new areas are concerned, it was felt, after some discussion, that the number of appeals

likely to come to the State Transport Authority are not likely to be considerable. However, information in this regard should be collected from the Bombay, Coorg, Madras and Hyderabad Governments. It was provisionally agreed that the non-gazetted staff coming from the Bombay, Madras and Hyderabad State Transport Authorities' Offices should be taken up in the State Transport Authorities' Office in Bangalore, subject to a ceiling of 20 per cent of the existing staff. Any persons in excess of this limit should be notified as surplus to the Special Secretary, States Reorganisation Department and if it is desired to retain them in the Department, full justification for these posts should be given.

2. The Coorg State Transport Authority may function as the Regional Transport Authority for the Coorg District. The Regional Transport Authorities in Bombay and Hyderabad areas will continue Hyderabad will examine whether the Regional Transport Authorities for the Districts require any reconstitution.

3. The State Transport Authority for the State of Mysore should be notified as the corresponding authority for the whole of the new Mysore State and the question of its reconstitution, having regard to the formation of the new State, may be considered early.

VIII. ROAD TRANSPORT DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri N. Lakshmana Rau, I.A.S., General Manager, Mysore Road Transport Department.

1. It is extremely unlikely that arrangements to take over the Bombay Road Services will be on hand by the 1st November 1956. However, a policy decision is required as to the action to be taken in respect of the Bombay Road Transport Services. It would be desirable that the Road Transport Services of the Bombay Karnataka area are taken over at an early date.

2. The Hyderabad Road Services should be taken over with effect from 1st November 1956 and arrangements should be kept ready to run the services without any hitch.

3. All the staff coming over from Hyderabad should be absorbed in the local offices. It will be necessary to set up a regional organisation for the Hyderabad Karnataka area, because of

the distance from Bangalore and difficulties of communication. Some augmentation of staff, particularly workshop staff will be necessary. Whatever augmentation of staff is necessary for running the services efficiently should be settled by the Road Transport Department in consultation with the Finance Department.

4. For the present such repairs of vehicles in the Hyderabad area as cannot be handled by the local depots will be arranged with the Central Workshop at Hyderabad belonging to Andhra Pradesh. The Andhra Pradesh Government have agreed to do so. That Government are being requested to charge for a prescribed period for the work done on the same basis as for their own vehicles.

IX. DIRECTORATE OF COMMERCE AND INDUSTRY.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri K. Narayanaswamy, I.A.S., Director of Industries and Commerce.
4. Sri B. Beerappa, I.A.S., Director of Rural Industrialisation.

1. It was agreed that the two officers from the headquarters organisation of the Bombay Directorate of Commerce and Industry should be absorbed in the headquarters organisation of the new State. The officers will be necessary to deal with the extra load of work.

2. As far as Regional Organisations are concerned, the existing set-up will continue. A point, however, for consideration is with regard to the location of a Superintendent of Industries at Bidar. The Superintendent of Industries at Bidar has been transferred to the Telengana area in the reorganisation of the Regional Offices in Hyderabad State. Two Superintendents have been allocated to Mysore, who are now located at Raichur and Gulbarga respectively. Bidar is particularly important as the home of the Bidri industry. There is already some unrest among the Bidri workers on the ground that the market for Bidriware is mainly at Hyderabad and with the trifurcation of the Hyderabad State, this market will be jeopardised if they continue to remain at Bidar. There is a proposal to assist such of the Bidri workers as may want to settle in the Telengana area by giving them certain facilities. It is very desirable that the new Mysore State should give every facility for the consolidation and development of the Bidri industry in Bidar and also

make all necessary arrangements for the marketing of the products. It is, therefore, for consideration whether—

(*a*) the post of Superintendent of Industries at Gulberga should be shifted to Bidar with immediate effect and the charges of the two Superintendents recognised to cover the whole Hyderabad-Karnatak area; or

(*b*) whether a new post of Superintendent of Industries for Bidar District should be created.

In any case, it seems desirable that an arrangement should be entered into with the Hyderabad Cottage Industries Depot specifically for continuing the facilities for the marketing of Bidriware manufactured at Bidar. The arrangement need not be mixed up with any general arrangements which the Mysore Government may desire to negotiate with other Governments for the marketing of the produce of cottage industries.

3. "Weights and Measures" is under the Commerce and Industries Department in Bombay and Hyderabad while in Mysore it is with the Marketing Department. The All-India Conference of Marketing Officers has recommended that "Weights and Measures" should be with the Marketing Department and not with the Commerce and Industries Department. In Mysore, the Commerce and Industries Department has plenty of other activities. From all points of view, it seems a better arrangement for "Weights and Measures" to be with the Marketing Department.

4. Madras is allocating a Ports Officer. The qualifications and functions of this officer are being ascertained but evidently he seems to be concerned with the conservation and Development of minor ports. Mysore will have a long coastline with a number of small Ports and it will be necessary to make arrangements for the well being of these Ports and their conservation. The best Department to take charge of this work, for the time being, appears to be the Public Works Department, as at present in Bombay States. This officer will be placed under the Chief Engineer (General).

5. Cottage industries including Handlooms is under the Co-operative Department in the State of Bombay, where there is a Joint Registrar specially entrusted to look after Industrial Co-operatives. Industrial Co-operatives in the present Mysore State are under the Department of Industry and Commerce, with the Director, Rural Industrialisation, specially in charge of all such work. This is broadly the pattern in Hyderabad too. The Mysore Officer has been vested with various powers under the Co-operative Societies Act. It is recommended that the work relating to Industrial Co-operatives should, throughout the New State, be entrusted to the

Department of Rural Industrialisation, instead of the Co-operative Department.

6. The Wool Expert allocated by Bombay will be taken to the headquarters organisation of this Department to look after the organisation of this industry throughout the State, for which there is already a State Co-operative Society.

7. Non-gazetted staff coming from the corresponding offices in Madras, Bombay and Hyderabad (Coorg is not contributing any) should be taken in the headquarters organisation up to the limit of 20 per cent over the existing staff. If there are any extra persons, they should either be notified to the Special Secretary, States Reorganisation, or, if they are for any special reasons required in the Department, the reasons therefor in respect of each post should be given.

8. Special mention may be made of the Hutti Gold Mines in which the Hyderabad Government holds a controlling interest. It is a point for consideration whether in the division of assets and liabilities, Mysore Government should not secure all the shares of this Company and after so doing, take steps to transfer the headquarters of the Company to a place within the limits of Mysore State.

9. The staff allotted from the Central Stores Purchase Department, Hyderabad, will be amalgamated with the staff of the Stores Purchase Committee, Mysore.

X. DEPARTMENT OF GEOLOGY.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri T. P. Krishnachar, Director of Geology in Mysore, Bangalore.

There is a Department of Geology in the present State of Mysore which is responsible for the Geological Survey of the State and for dealing with the Mining Leases and such other work connected with it. This Department also does a certain amount of direct prospecting and mining. In Bombay, there is no corresponding Department. Though there is a Department of Mines in Hyderabad State no staff is being allocated to Mysore. We are also not going to get any staff from Madras or Coorg.

2. Under the Mineral Concession Rules promulgated by the Government of India, all mining leases have got to be sanctioned

by the Government. Before the Licenses are sanctioned, the applications have got to be examined and definite recommendations made to Government. Considerable revenue is also involved in the grant of these leases. Applications for mining leases are received in Hyderabad and Mysore directly by the Director of Geology or Mines as the case may be, while in Bombay they are received by the Collectors and dealt with by the Director of Industries. The procedure existing in these areas may continue except that, instead of the applications for leases in Bombay State going to the Director of Industries, they will hereafter be received by the Director of Geology.

3. It will be necessary to augment the non-gazetted staff in the Department immediately to deal with the additional work relating to these leases. It is proposed to augment the staff as follows :—

(1) First Division Clerks (three).
(2) Second Division Clerks (five).
(3) Typist (one).
(4) Surveyor (one).

The clerical staff apart from the Surveyor will be provided from the Staff that will be allocated from the other States.

4. It is for consideration whether this Department shall not be designated as "The Department of Mines and Geology".

XI. DEPARTMENT OF EXCISE AND COMMERCIAL TAXES.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri G. N. Nagaraja Rao, I.A.S., Excise Commissioner.
4. Sri G. V. K. Rao, I.A.S., Revenue Secretary.

1. Of the areas forming part of the New State of Mysore, there is complete prohibition in the Bombay, Madras and Coorg areas and prohibition in a larger part of Mysore State. In the State of Hyderabad, there is no prohibition at all. The total Excise Revenue from Hyderabad State may be of the order of about Rs. 1.5 crores and from the rest of the State perhaps there will be an equal amount.

2. In every one of the integrating States except Coorg, there is Sales Tax. Agriculture Income Tax is levied in Hyderabad, Mysore, Coorg and in Madras, there is Plantation Income Tax. In

addition, there are a number of miscellaneous taxes levied in the different States :—

Motor spirit tax,
Sugarcane cess,
Tax on prize competitions,
Betting tax, Entertainment tax, and
Cinema Seating tax.

3. There is no uniform pattern in which the numerous tax laws are administered. It is felt that the best arrangement would be to establish a Department of Excise and Commercial Taxes which will be responsible for the administration of Excise and the collection of Sales Tax and other Commercial and Miscellaneous Taxes referred to above. The work relating to Stamps and Registration may also be entrusted to this Department.

4. There is a Deputy Commissioner of Excise at Gulberga. Having regard to the difference in excise policy in the Hyderabad area and the rest of the New Mysore State and the quantum of work involved, it is proposed that this Office should continue. The pattern of Excise administration in the different integrating areas will continue as at present.

5. To administer Sales Tax and other miscellaneous taxes it is proposed to have four Deputy Commissioners of Commercial Taxes with Headquarters at Bangalore, Mysore, Belgaum/Hubli and Bellary.

The charges of the Officers will be as noted below :—

Mysore.—Mysore, Mandya, Coorg, South Canara, Hassan, Chickmagalur and Shimoga.
Bangalore.—Bangalore, Tumkur, Kolar and Chitaldrug.
Belgaum.—Belgaum, Dharwar, North Canara and Bijapur.
Gulberga.—Gulberga, Bidar, Raichur and Bellary.

6. The set up below the Deputy Commissioner's level will remain unchanged except that the Sales Tax and Assistant Sales Tax Officers will take over the work of all the taxes for which the Department will be responsible, except to the extent mentioned in the next paragraph.

7. Agriculture Income Tax, while it will be under the general administrative control of the Commissioner, Excise and Commercial Taxes will continue to be administered at the lower levels by the staff of the Revenue Department. The work will be discharged as at present by the Sub-Division Officers and the District Officers and administrative control over the District Officers for this purpose will vest with the Commissioner.

8. The Excise Commissioner in Mysore has at present two Gazetted Assistants of Assistant Commissioner's status. It will be necessary having regard to the increased volume of work to provide him with two more Assistants, one of whom will be responsible for Stamps and Registration and such other miscellaneous work that may be entrusted to him.

9. As regards the Non-gazetted Staff, the staff coming from the corresponding Departments of Excise, Inspector-General of Registration and Stamps and Sales Tax will be absorbed in the new Office. To the extent the staff that comes in is over 30 per cent of the existing staff of the Mysore State, the staff should be notified to the State Reorganisation Secretariat or if the Commissioner wants the staff, he will have to give special justification for each extra post. The higher limit of 30 per cent is specified instead of the normal limit of 20 per cent as a considerable amount of work in connection with the co-ordination of the different taxation laws in the different regions will fall on this Department.

10. Any work pertaining to the Hyderabad Customs Department that may have to be discharged by the Mysore Government will be taken over by this Department.

XII. EDUCATION DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S Muninanjappa, I.A.S.
3. Sri N. S. Hirannayya, I.A.S., Director of Public Instruction in Mysore, Bangalore.
4. Sri R. J. Rego, I.A.S., Secretary to Government, Education Department.
5. Sri T. S. Rajarathnam, Headquarters Deputy Director of Public Instruction.

The system of education in the different areas which form the new integrating State vary widely. In the existing Mysore State most of the Primary Schools and Middle Schools are managed by the State. The University is independent of the Director of Public Instruction ; the Vice-Chancellor deals directly with the Education Secretariat. In Bombay, the Primary Schools are run by District School Boards, the Secondary Schools are mostly State-aided and the University deals with the Government through the Directorate of Public Instruction. In Hyderabad the position is intermediate. After considerable discussion it was agreed that the organisation of the Department of Public Instruction of the new State should be as follows :—

(*a*) In additionn to the existing three regional divisions there should be two regional divisions with headquarters at Dharwar and Raichur respectively. The Dharwar division will be in charge of the 4 Bombay Districts and the Raichur division will be in charge of 3 Hyderabad Districts plus Bellary. The other regional charges will be re-distributed so as to provide for the supervision of work in South Canara and Coorg.

(*b*) The Director of Public Instruction will have one more Deputy Director at headquarters to assist him in his work.

(*c*) There should be a Joint Director of Technical Education in the Office of the Director of Public Instruction who will be in charge of the Technical Education throughout the State. The Schools of Industry and Technical Training Schemes should all be concentrated under this Officer.

(*d*) The Karnataka University will deal directly with the Education Secretariat and not through the Director of Public Instruction.

(*e*) The Government will take over immediately the two colleges at Gulberga, *viz.*. Training College and the Arts and Science College. The Colleges will be administered by the Director of Public Instruction pending suitable alternative arrangements.

(*f*) It will be necessary to organise the holding of the Secondary School Examination throughout the State on an uniform pattern as also of the examinations conducted by the Technical Examinations Board. Though work in respect of the Bombay and Hyderabad areas will not be immediately taken over by the new Mysore Government, yet it is necessary to initiate preparatory steps even from now in order that these examinations will be conducted throughout the New State on an uniform pattern at a very early date. There is already a Secondary Education Board in the State of Mysore which should be able to take over this work. As far as the Secondary School Certificate examination is concerned, the Technical Examination Board should be given a full-time Secretary of the status of Assistant Engineer.

(*g*) It will be necessary to augment the Accounts organisation in the Directorate of Public Instruction but this requires further examination.

The regional offices at Dharwar and Raichur will be provided with staff as follows :—

(1) One Gazetted Assistant.
(2) One Manager.
(3) Four First Division Clerks.
(4) Nine Second Division Clerks.
(5) One Stenographer—First Grade.

(6) Two Typists.
(7) Six Peons.

The staff coming from the Directorates of the various States will first be utilised to fill the posts in the regional offices and the excess staff absorbed in the Directorate at Headquarters. The Directorate should have staff up to a ceiling of 20% over its existing staff subject to personnel being available. If, however, the incoming staff is more it will be notified as surplus to the State Reorganisation Secretariat or if the Director wants extra staff for any purpose, reason therefor will be indicated in detail.

XIII. FOREST DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri M. A. Muthanna, I.F.S., Chief Conservator of Forests.

The Forest Area in Mysore State is about 5,000 square miles and there is a Chief Conservator of Forests, assisted by the Conservator of Forests located at Shimoga, to administer the Department. The Forest Revenue is Rs. 115 lakhs. The New State of Mysore will be getting important forest areas from Bombay, Coorg and South Kanara. The additional estimated Revenue is Rs. 185 lakhs. The new Forest Areas are concentrated mainly on the West Coast. It is proposed to retain the post of the Conservator of Forests at Belgaum and to have an additional post of Conservator with Headquarters at Mercara. There will be at Mercara in addition two Divisional Forest Officers. Coorg will be divided into two divisions and the jurisdiction of these Officers may be adjusted by the Chief Conservator of Forests, according to local convenience.

2. The Chief Conservator of Forests desires that an additional Conservator should be provided to look after the vast area of what may be called the 'Maidan Forests'. He also desires that there should be one more Conservator for Working Plans. One argument in favour of having an extra Conservator for the Eastern Districts is that in the Second Five-Year Plan there is considerable provision for afforestation and soil conservation. It is recommended that one post of Conservator may be sanctioned and his Headquarters may be located at Bellary with jurisdiction over the Hyderabad Districts, and the Districts of Bellary, Chitaldrug, Tumkur, Kolar and Bangalore.

3. Preparation of working plans should be done by the Headquarters organisation. In the Headquarters organisation, an extra

officer of the grade of a District Forest Officer may be given as a Technical Assistant to cope up with the additional work that is likely to arise.

4. The details of the Non-Gazetted staff for the Headquarters and the Circles will be worked out later. The staff coming from the Head Offices of the integrating areas will be first allocated to man the circle offices at Mercara and Bellary and extra staff taken to the Headquarters organisation.

XIV. DEPARTMENT OF SERICULTURE.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri T. K. Krishna Murthy, B.Sc., Director of Sericulture.

Apart from the work in the present State of Mysore, the areas of Kollegal, Coorg and Belgaum have work pertaining to this Department. The local organisations may be retained intact and the present Department of Sericulture given jurisdiction over the whole State.

2. The Headquarters organisation will require some increase in clerical staff consequent on the increased work. It is proposed to strengthen it by the addition of one First Division Clerk, one Second Division Clerk, and two Typists.

XV. STATE ACCOUNTS DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri H. Ramaraj Urs, Controller of State Accounts in Mysore, Bangalore.
4. Sri B. M. Krishnan, I.A.S., Secretary to Government, Finance Department.

The State Accounts Department does the work of internal Audit in respect of Local Bodies and other miscellaneous quasi-Governmental organisations whose accounts are not audited in the ordinary course by the Accountant General. In this respect the position varies in the different States which will be integrating into the New State of Mysore. In Bombay and Hyderabad, this work is entrusted on an agency basis to the Accountant General concerned. In Madras,

the system seems to be the same as is prevailing in Mysore. The position in Coorg is perhaps similar to the system prevailing in Mysore. It will not be possible to make any changes in the existing system by the appointed day. The best solution would be that in each area the existing system should continue, which means that in Bombay and Hyderabad area the Accountant General will continue to be responsible under the existing Agency arrangements while the State Accounts Department will be responsible for this work in respect of the remaining areas of the New Mysore State. The staff that will be coming from Madras will be amalgamated with the State Accounts Department.

2. There is also a disparity in the system prevailing regarding the administration of Treasuries. While the non-gazetted staff forms a separate cadre everywhere, the Gazetted staff in Bombay and Hyderabad forms an independent cadre, while in Mysore it is drawn from the Revenue Department. The Revenue Commissioner is responsible for the Treasury work in Mysore while in Bombay and Hyderabad they are under the control of the Finance Department. It is suggested that the system of recruiting staff in the different areas should continue for the time being as here to fore. The Divisional Commissioners will supervise the work of the Treasuries and at the Secretariat level the Finance Department shall be responsible for this work.

XVI. DEPARTMENT OF HORTICULTURE.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri M. H. Mari Gowda, Superintendent, Government Gardens.

The existing organisation in the present State of Mysore may continue.

2. It appears that an Horticulturist is coming from Coorg. Full details regarding this Officer should be obtained as also details of his work. After receipt of the information, reorganisation of the Department can be considered, if necessary.

XVII. DEPARTMENT OF ANIMAL HUSBANDRY.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri J. Muniyappa, Director of Animal Husbandry Services in Mysore, Bangalore.

The Department of Animal Husbandry may be redesignated as Department of Animal Husbandry and Veterinary Services and may be extended to cover the whole State. The Regional Staff in the different Regions will remain unchanged. The State-wide Officers coming can be absorbed in the Headquarters organisation. For this purpose, it will be necessary to upgrade the existing Non-gazetted Post of 'Raniketh Disease Investigator' to the Gazetted Post of Poultry Disease Investigator. Also having regard to the increased jurisdiction, one of the posts of the Assistant Director at Headquarters may be upgraded to that of Deputy Director. This Deputy Director will also be responsible for all developmental activities.

2. The Headquarters Organisation may be increased by 12 Non-gazetted Staff. There will be six persons surplus who will be provided in other Departments.

3. It is desirable to constitute a separate Department of Fisheries. The Fisheries staff coming from the Bombay and Madras States and the Fisheries staff already in the Headquarters could be organised into this Department with a Fisheries Officer as the Head of the Department.

XVIII. PRISONS DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri C. Doraiswamy, Deputy Inspector-General of Prisons, Mysore.

In addition to the Jails in the existing State of Mysore, the new State will have two Central Jails, a Borstal School at Dharwar and other minor institutions under its control. A Jails Department having jurisdiction over the whole State is necessary. The Department in the existing State of Mysore can look after the whole work, but the clerical staff should be augmented by the staff coming from the Jails Departments of the integrating States up to a ceiling of 20 per cent over the existing strength.

It is a question for consideration whether one of the existing Central Jails should not be closed. This question can be examined separately and a decision taken in due course.

XIX. BUREAU OF STATISTICS.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri A. Ananthapadmanabha Rau, B.A., M.S. (Lowa), F.S.S. (Lond.), State Statistician for Mysore.

There is at present a State Statistician in the State of Mysore, who is assisted by two gazetted assistants and 12 non-gazetted assistants at headquarters and three non-gazetted assistants stationed in districts. The State will be receiving five Officers from the integrating areas and some non-gazetted staff. The work in this Department will increase considerably in connection with the Second Five-Year Plan. It is proposed that the headquarters office should consist of a State Statistician and there should be one gazetted officer at each of the Divisional Headquarters other than Bangalore. The non-gazetted staff will be divided proportionately between the Divisional Offices. Of the four Headquarter Officers, one should look after the Bangalore Divisional work and one will assist the State Statistician in headquarters office work. The remaining two officers will be available for being utilised on special statistical survey work, which arises from time to time.

XX. THE JUDICIARY.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri R. P. Vasudeo, B.A., B.L., Secretary to Government, Law Department.
4. Sri Kora Chandy, B,A., B.L., Deputy Registrar, High Court of Mysore.

The organisation of the Judicial Courts in the different integrating areas of the new State is somewhat different. The postings and control over the Courts below those of District and Sessions Judges vest with the High Court. Therefore, the staff allocated to this State in these categories should be notified to the High Court of Judicature for arranging the necessary postings. As far as District and Sessions Judges are concerned, no information is yet available from Bombay about the number of officers allocated. Hyderabad is allocating five Judges, of whom one will not be immediately available, as he is on deputation. The other four Judges are employed in the Courts in the Hyderabad-Karnatak area.

The ministerial staff allocated by the Hyderabad High Court will be taken up by the Mysore High Court to augment its staff.

XXI. GOVERNMENT PRINTING AND STATIONERY DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri D. S. Gurubasavappa, B.SC., Director, Printing and Stationery in Mysore, Bangalore.

It is expected that with the reorganisation and the formation of the new State of Mysore, the demands on the Government Printing Press at Bangalore will become very heavy. There will be more printing work in connection with printing of forms and other Government publications. The Director, Government Printing and Stationery, felt that it should be possible to work either more overtime or work a second shift, to cope with the extra work. No staff is coming from any of the integrating areas and the new staff will have to be recruited. The extent to which the out-put of the Press could be increased to meet the extra demand should be worked out in detail and put up for orders to Government in due course.

This Department is responsible for the distribution of Stationery to all the Government Offices. In order to cope with the increased work, the Department will absorb the gazetted staff coming from the corresponding departments in the integrating States, and the non-gazetted staff will be increased subject to a ceiling of 20 per cent.

XXII. POLICE DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri B. Thimmaraj Urs, I.P.S., Inspector-General of Police.

It has already been agreed that there shall be an Inspector-General of Police assisted by three Deputy Inspectors-General. Two of these will be regional and one will be for C.I.D. and Railways. The Headquarters organisation of the Inspector-General of Police will have to be strengthened by one extra Officer of the status of the District Superintendent of Police to be designated as Assistant Inspector-General of Police. Thus there will be two Assistant Inspectors-General of Police in the Office of the Inspector-General of Police.

2. As regards the non-gazetted staff apart from the manning of Belgaum Deputy Inspector-General's Office which requires four persons, the Inspector-General may take 33 1/3% in addition to his existing strength. This can be provided from the staff coming from the offices of the Inspector-General of Bombay, Hyderabad and Madras from the Fire Service Department, Hyderabad. There will be surplus staff, which will be at the disposal of the State Reorganisation Secretariat for being allocated to other Departments.

XXIII. CONTROLLER OF IRON AND STEEL.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.

The State quota of Iron and Steel except the quota for Agricultural use is distributed by the Director and Vice-Chairman, Mysore Iron and Steel Works who is stationed at Bhadravati. This arrangement is convenient and may be extended to the whole of the new State. The staff from the corresponding Offices coming from the integrating areas will be allocated to this Office.

CONTROLLER OF CEMENT.

The Additional Director of Industries and Commerce works as the Cement Controller. This arrangement may continue.

XXIV. DEPARTMENT OF INFORMATION AND PUBLIC RELATIONS.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri B. N. Sri Sathyan, B.SC. (HONS.), Principal Information Officer.

Taking into consideration the officers who are being allocated from the integrating States and the need for dissemination of information about Government activities, it is felt that the Regional Office at Dharwar should continue, and an Information Centre which will both disseminate information about Governmental activities and also act as a sort of Tourist Information Bureau should be opened at Mysore. The rest of the staff should be attached to the Headquarters organisation.

As regards the non-gazetted staff they should be absorbed in the Headquarters organisation. It seems probable however that certain categories of staff, *e.g.*, Operators and Mechanics, may not be of any use in the Department as there is no equipment. To the extent this type of staff becomes surplus, they should be notified to the State Reorganisation Department.

XXV. DEPARTMENT OF AGRICULTURE AND FOOD PRODUCTION.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri M. Mallaraj Urs, B.Sc., B.Sc. (Agri.) Edin., Director of Agriculture and Commissioner for Food Production in Mysore, Bangalore.

After considering the work that will fall on this Department in the New State, it is recommended that the Director of Agriculture who will have jurisdiction over the entire State, should be assisted by one Deputy Director at Headquarters and by two Regional Deputy Directors, one at Dharwar and the other at Mysore. The number of Officers coming over are such that two Class I Officers will remain surplus. These two Officers will for the time being be employed as Officers in charge of the Siruguppa and Dharasugur Farms. These posts are in a lower grade but will be temporarily upgraded to accommodate these individuals.

2. The non-gazetted staff coming from the Directorates of Agriculture of the integrating areas will be accommodated in the first instance in the Headquarters Office including the Mysore Divisional Office, subject to a ceiling of 20 per cent over the existing Headquarters staff. The staff over and above this limit will be reported to the Special Secretary, States Reorganisation Department for being provided in suitable posts.

The Department of Food Production will continue as at present as an organisation under the Director of Agriculture.

XXVI. DEPARTMENT OF CO-OPERATION.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri K. R. Marudeva Gowda, Registrar of Co-operative Societies.

The Co-operative Department in the existing State of Mysore is in charge of Credit Co-operative Societies as also of the Marketing Department, but it is not in charge of Industrial Co-operatives. In Bombay, the Co-operative Department is in charge of all these items of work. In the State of Hyderabad, the Co-operative Department is not responsible either for Industrial Co-operatives or for Marketing. Under the Registrar staff in respect of these three items of work is provided on the parallel lines. There are about 5,800 Co-operative Societies in the existing State of Mysore and there will be about 7,000 Co-operative Societies coming from the outlying areas. The work relating to marketing will considerably increase when the recommendations of the Rural Credit Survey Reports which have been approved by the Government of India are implemented, as they are intended to be, during Second Five-Year Plan. We feel, therefore, that there will be every advantage in constituting the Co-operative Department and the Marketing Department as independent Departments to be in charge of the Registrar of Co-operative Societies and a Chief Marketing Officer, respectively.

2. The Co-operative Department should have four Deputy Registrars, one in each Division. The Registrar of Co-operative Societies has at Headquarters one Assistant of the grade of Assistant Registrar. Having regard to the number of new Societies, it is recommended that he should have two Officers of this level to assist him at Headquarters.

3. The Chief Marketing Officer will be supported by Senior Marketing Officers who may for the present be one in each division. The set up at lower levels will remain unchanged.

4. The Non-gazetted staff required for the headquarters and the regional organisation will be worked out separately when full information regarding the Non-gazetted staff is made available by Bombay.

5. The Audit organisation will take over the Audit staff from the integrated areas and will continue to work as at present.

XXVII. EFFICIENCY AUDIT DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S., Chief Secretary, Hyderabad.
2. Sri S. Muninanjappa, I.A.S., Special Secretary, State Re-organisation Department.
3. Sri K. P. Ramanathiah, I.A.S., Special Officer, Efficiency Audit.

The Efficiency Audit Department combines in its scope the work done in Bombay by the Organisation and Methods division and the Anti-Corruption Department in the Political and Services Department and in Hyderabad by the Chief Inspector of Government Offices and the Anti-Corruption Department. The organisations to deal with these items of work in Coorg and Madras are not quite clear. It is necessary that both these departments shoud be maintained properly in the New State. Methods of work in the different integrating areas are so different that the Efficiency Audit Department should be able to effect considerable improvements. Anti-Corruption work must also go apace. The staff as proposed in the annexure may be provided for this Department.

2. The Special Officer, Efficiency Audit, is also *Ex-officio* Director of Food Supplies in charge of the co-ordination of Food Supplies in the State. It is desirable that a skeleton organisation is maintained for this work; it is difficult to forecast when the Government will have to intervene actively in securing supplies of food. The existing arrangement with the existing staff of the Mysore State in this respect may continue.

XXVIII. MEDICAL AND PUBLIC HEALTH DEPARTMENTS.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri G. V. K. Rao, I.A.S.
4. Dr. B. Venkatasubba Rao, M.R.C.P., M.B.B.S., Director of Medical Services in Mysore, Bangalore.
5. Dr. S. Seshagiri Rao, M.B.B.S., Director of Public Health in Mysore, Bangalore.

The Medical and Health Departments are separate in Mysore, Bombay and Madras while they are under one Director in Hyderabad. It will be conducive to better administration if the two organisations are entirely distinct.

2. The Director of Medical Services will be in charge of all the existing work he has in the existing State of Mysore and in addition will take charge of all medical work in the integrating areas. Civil Surgeons, where they are both Civil Surgeons and Health Officers, will deal with the Director of Medical Services only in respect of the work relating to Hospitals.

3. The Director of Medical Services will require in addition to the existing staff a Technical Executive Assistant and a Finance Officer of the status of an Assistant Controller to assist him in his Office work.

4. The Health Department will be under the Director of Public Health. Where the Civil Surgeon is in charge of both the Medical and Health work, he will deal with the Director of Public Health as far as Health work is concerned. The Director shall be assisted by three Regional Officers. One Deputy Director may be located at Belgaum and the other at Mysore. The third Officer, who will be of either a Joint or Deputy Director status, will be in the Headquarters Office itself and he will be in direct charge of the districts of Bangalore, Mandya, Kolar, Tumkur and Chitaldrug.

5. The Superintendent of the Public Health Institute at Bangalore is also the Chemical Examiner to the whole State. This work will increase with the increased area of the New State. This Officer must, therefore, be given an Assistant of the status of a Class II Health Officer.

6. There are two Vaccine Institutes in the New State, one at Bangalore and one at Belgaum. For the present, both the Institutes should continue. It is expected that the Government of

Bombay will require vaccine to be supplied by this State until they make their own alternative arrangements for the supply of vaccine. Once the demands of the Government of Bombay and also of the new Mysore State are known, it will have to be considered whether both these Institutes should continue or they should be amalgamated.

7. The Drug Control Act is in force in the State of Bombay. The enforcement of this Act in Mysore is under contemplation. The position in respect of this Act in the other integrating areas is not known. We will be receiving one Drug Inspector from Bombay who will continue to be located at his present Headquarters but the Director of Public Health (or the Joint Director of Public Health as may be deemed suitable) will exercise the powers of the Drug Controller throughout the State. When the Drug Control Act is extended throughout the State, it may be necessary to augment the subordinate staff.

8. Both the Director of Medical Services and the Director of Public Health mentioned that they require considerable augmentation of their clerical staff. This problem will have to be separately examined and cannot be mixed up with the question of States Reorganisation. The staff coming from the integrating areas will be first utilised to man the offices of the Deputy Directors and the balance taken up by the Director of Medical Services and the Director of Public Health. To the extent surplus staff is available from other Departments, the need for these Departments for additional staff will be considered separately later.

XXIX. CENSUS DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.
3. Sri G. V. K. Rao, I.A.S.
4. Sri S. Nanjundiah, Census Commissioner.

In the Office of the Census Commissioner, there is only one Census Assistant doing the duties of the Census Commissioner. The arrangement will continue for the time being.

XXX. INSURANCE DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S.
2. Sri S. Muninanjappa, I.A.S.

There is a system of compulsory Insurance in force in respect of the employees of the Mysore State. In Hyderabad, there is a similar scheme and it has been agreed that the Mysore Government should take over the policies of Hyderabad Government employees who will be allocated to Mysore along with the appropriate assets. In the other areas, there is no compulsory Insurance Scheme. Whether compulsory Insurance should be extended to all the employees of the New Mysore State is a matter of policy that can be considered later. For the present the existing Mysore Government Insurance Department will take over the work relating to the Policies coming over from Hyderabad and manage the work with the existing staff. Any increase in the staff will be regulated on the basis of the scale of staff fixed on the basis of number of Policies.

ELECTRICITY DEPARTMENT.

PRESENT.

1. Sri P. V. R. Rao, I.C.S., Chief Secretary, Hyderabad.
2. Sri S. Muninanjappa, I.A.S., Special Secretary, States Reorganisation Department.
3. Sri D. K. Srinivasachar, I.A.S., Secretary to Government, Public Works and Electrical Departments.
4. Sri D'Sa, B.E.E., Chief Electrical Engineer, Government of Mysore.

The Electricity Department of the State of Mysore will have jurisdiction over the whole of the New State of Mysore. The Madras Hyderabad and Bombay Governments are allocating three Executive Engineers and one Assistant Engineer to the New Mysore Government. Three Divisional Charges will be necessary to look after the work at the Tungabhadra Dam site and the other integrating areas. Broadly speaking, one Executive Engineer will be at Mangalore, one at Hyderabad area and one in the Bombay-Karnatak area. The exact distribution of the internal charges will be done by the Chief Electrical Engineer, in the light of the load of work.

The Bombay State Electricity Board will continue to be in existence for the time being and will exercise jurisdiction over the Bombay-Karnatak Districts of the State of Bombay. When the Electricity Board is divided and the work relating to the Bombay-Karnatak area is taken over certain further reorganisation would be necessary.

The staff coming from the Electrical Inspectorates of the integrating States will continue to do the same work as they are doing at

present under the control of the Government Electrical Inspector for the New State of Mysore.

The Non-Gazetted staff coming from the integrating areas will be taken over in the Offices of the Chief Electrical Engineer and the Government Electrical Inspectorate subject to a ceiling of 20 per cent. If there is any excess over this limit they will have to be notified to the Special Secretary, State Reorganisation Department.

UNIVERSITY.

PRESENT.

1. Sri P. V. R. Rao, I.C.S., Chief Secretary, Hyderabad.
2. Sri N. Puttarangaswamy, I.A.S., Chief Secretary, Mysore.
3. Sri S. Muninanjappa, I.A.S., Special Secretary, States Reorganisation Department.

There will be two Universities in the new State of Mysore, that is, the Mysore University and the Karnatak University. The Karnatak University is an independent Corporation. The Mysore University is working as a Department of Government with jurisdiction over the existing State of Mysore. This arrangement will continue for the time being and no organisational troubles arise. Arrangements regarding educational facilities, and in particular affiliation of the Colleges from the Hyderabad, Coorg and Madras areas are necessary and these are being separately considered.

A NOTE on the discussions held by the Chief Secretary and the Special Secretary to the Government of Mysore, with the Representatives of the Government of Bombay on the 24th and 25th September, 1956.

At the outset Shri D. S. Bakhle mentioned that they agreed to the retention of Shri U. M. Mirchandani, I.C.S., with reference to the letter addressed to the Bombay Government by the Mysore Government. Shri Bakhle also stated that Shri Valvelkar will be posted as Collector, Bijapur, Shri N. W. Desai will be posted as Collector, Belgaum, Shri K. M. Mirani will be posted as Collector, North Kanara and Shri Venkatachalam will be posted as Collector, Dharwar. He also mentioned that in case Shri Mirani is otherwise wanted for any other post, Shri U. M. Hiremath may be thought of as Collector of North Kanara as he is the Seniormost Deputy Collector in the select list of candidates due for promotion for I.A.S.

Shri Bakhle mentioned that Shri R. J. Rebello will be posted as Director, Local Authority, Belgaum, as he has worked in that area and has experience of handling the situation there and that he may remain there for about a week or fortnight after the appointed day by which time the trouble at Belgaum is expected to blow-over. He suggested that Shri Rebello may take charge as Home Secretary after that period. It was pointed out that posting of Shri Rebello as Director, Local Authority, would conflict with the seniority of the State Officers, *viz.*, Shri K. P. Ramanathaiya and Shri K. Thipperudriah and that the matter would be examined in this context.

Shri Bakhle and Shri Bhansali, Chief Secretary to the Government of Bombay mentioned that in view of the Greater Bombay taking shape, it is now more or less certain that Shri P. R. Nayak cannot be spared from the Corporation till the expiry of the term *i.e.*, till September 1958. They wanted to know if the Government of Mysore had any objection to the retention of Shri P. R. Nayak for the said period. It was explained to them that the decision regarding the Key-Posts has been taken by the Inter-State Committee of Ministers and they understood clearly that Shri P. R. Nayak would be available for taking up the post of the Financial Secretary immediately. It was also mentioned that any alteration in the appointment of the Key-Posts personnel will have to be done by the Committee of Ministers only and that the matter will be placed at the next meeting of the Committee.

Preparation of the District Gazetteers.—A Note has been handed over and it was agreed as decided at the Inter-State Committee of Officers that the preparation of the Draft of the District Gazetteers for the Two Districts now under compilation be completed under the existing set up and that all facilities will be given to the Board by the New Mysore Government for collection of data and other particulars for the completion of the Draft. The only expenditure that may have to be borne under this arrangement would be the salary of the Research Assistants for the Karnatak area employed for the preparation of the Draft for these two Districts.

A statement showing the changes in the Allocation in the personnel of Gazetted Officers was handed over at the meeting. These changes will have to be incorporated in the list of the respective Departments.

The allocation of Gazetted Officers to the New Mysore State was then examined in detail, Department by Department.

Publicity Department.—The Chief Secretary to the Government of Mysore, explained that it is difficult to provide for the Film Officer in the New State of Mysore as there was no Films Division attached to the Publicity Office in the administrative set up of the Government of Mysore. The Bombay representatives explained that the Film Officer is on deputation from the Government of India, Films Division, and is not likely to revert and that the question of removing this Officer from the allocation list of Mysore will be examined. It is noted that Shri Chinmulgund is an additional Officer allotted in the Publicity Department against the vacant post now shown in the list.

Police Department.—An additional Inspector of Police Wireless has been allotted. The Chief Secretary to the Government of Mysore requested that one of the other Police Inspectors allotted to Mysore may be withdrawn in view of the allotment of the Police Inspector for the Wireless. It was agreed to withdraw the allotment of Shri Balkandi, Inspector.

Revenue Department.—In the allotment of Deputy Collectors and Mamlatdars, a point was raised that the number of Deputy Collectors and Mamlatdars allotted exceeded the number of Regional posts in the area. It was explained that the increased number represented the Leave Reserve, Deputation Reserve, etc., in the cadre.

A request was made that the Sub-Registrar allocated in the common-pool being the Assistant in the Headquarters Office may be withdrawn as there was no corresponding post in the New Mysore State.

Agricultural Department.—One Shri Karnitkar is working as a Plant Physiologist on probation for a period of two years with effect from 27th July 1956. His post is classed as B.A.S. Class I Scale. As he is at present engaged in research work on Cotton in Dharwar area, he will be allowed to remain on this work on deputation basis as he is not an allottee. This arrangement will continue till alternate arrangement is made.

Medical Department.—Sri N. S. Mudhol, who is allotted to Bijapur District cadre, will be treated as on deputation in the New Mysore State liable to be withdrawn by the Bombay Government when alternative arrangements are made by Mysore. A request was made by the Chief Secretary to the Government of Mysore that One Drug Inspector allotted under the common-pool may be withdrawn. It was also agreed that the Mobile Ophthalmic Unit now allocated to Belgaum would be retained and that the Officer, Sri Chaukar who is in charge of the Unit treated as on deputation being liable to be withdrawn by the Bombay Government when alternative arrangements are made by the Government of Mysore.

Public Health Department.—The Chief Secretary to the Government of Mysore explained that the allotment of Class I Officer Sri S. T. Rodda as the Assistant Director of Public Health is likely to present some difficulty and therefore suggested that Sri T. R. Rao who is also a Class I Officer and who is also a Mysorean may be allotted in place of Sri S. T. Rodda. The Bombay representative explained that there may be some difficulty in allotting Sri T. R. Rao as he is in specialised post. The Chief Secretary to the Government of Mysore pointed out that Sri T. R. Rao is not holding the special post but he is on deputation to the Government of India and so the allotment of this Officer may not present a problem in place of Sri S. T. Rodda. The Bombay representative promised to consider the request.

Re-employment Directorate.—The Bombay representative stated that the allotment of Sri Abayankar may be treated as withdrawn.

Education Department.—The Bombay representative stated that with regard to the Colleges which are now under the direct control of Government through the Departments as noted below :—

(1) The Dharwar Agricultural College and Karnatak College;
(2) The Belgaum S. T. College;
(3) The Dharwar Basic Training College;
(4) The Dharwar Kannada Research Institute; and
(5) The Primary Training College;

there was a representation to affiliate them to the Bombay University and the Government of Bombay has stated that it is for the New State to consider whether these Colleges will be affiliated to

any University or should be run as Colleges under the Departments as at present.

Excise Department.—Shri K. P. Mathrani, I.C.S., Additional Secretary to the Government of Bombay wanted that Shri Albhavi, Superintendent, Prohibition and Excise, Class II Officer, may be taken as an additional allottee against the common posts to be allocated to Mysore. The Chief Secretary to the Government of Mysore stated that he would examine the matter.

Secretariat.—At the request of the Chief Secretary to the Government of Mysore, it was agreed that Sri B. W. Deshmukh, Assistant Secretary, Law Department, is withdrawn.

State Electricity Board.—Regarding the State Electricity Board, the Bombay representative stated that it is necessary to continue the Board to operate even in the Karnatak area for a period of three to six months after the appointed day within which period alternative arrangements for the Kannada area may be thought of and considered.

Allocation Lists.—The Bombay representative also stated that the allocation of the Gazetted Officers which is gone into now may be treated as provisional and it is possible that about half a dozen of the Officers now allocated to Mysore may be withdrawn, and the Government of Mysore may release such of them as are so withdrawn.

Statutory Authority.—The Bombay representative also stated that in the Bombay State a Co-operative Tribunal is at present functioning with regard to the cases under the Co-operative Act and that the corresponding Statutory Authority should be named.

Adaptation of Laws.—The Bombay representatives pointed out that adaptations with regard to the 'Partnership Act' and the Superintendent of Stamps and the Members of the Local Bench of the Revenue Tribunal will have to be made. The representatives of the Bombay Government were requested to furnish a note on each of these points (copy of the note enclosed).

General.—The Chief Secretary to the Government of Mysore requested that the break-up of the Budget of the Karnatak Area, the break-up for the Second Five-Year Plan of the Karnatak Area, and the allocation list of Non-gazetted staff both of the State-wide posts and the District Posts may be furnished early. The abstract statement relating to the State-wide non-gazetted posts and the abstract and break-up of the posts relating to the Secretariat was, however, furnished at the meeting. The Bombay representative said that the other particulars would be furnished at the end of the month.

The Chief Secretary to the Government of Mysore requested the Bombay representatives to furnish information on the following subjects :—

(1) List of Investments including those made to Commercial Undertakings.
(2) Deposits in the Karnatak portion of Bombay.
(3) Advances outstanding including Takkavi and other loans relating to Karnatak Area :—

CONSTITUTION OF BOARDS FOR REVISION OF DISTRICT GAZETTEERS.

There is at present a District Gazetteers (Revision) Editorial Board in the Bombay State. The Board is a non-statutory body and was set up by Government in 1949 for the revision of old Gazetteers, The Board has so far published two volumes and work on about half a dozen other volumes is at different stages of completion. The Board will cease to exist on the appointed date, *i.e.*, 1st October, 1956. It is, therefore, necessary to consider the constitution of separate Boards for the New States so that the continuity of work is kept up.

The composition and functions of the Board and details of sanctioned staff are given in the attached statement.

The entire expenditure on the activities of the Board is borne by the State Government. The Budget provision for the years 1955-56 and 1956-57 is as follows :—

1955-56	...	...	Rs. 57,600
1956-57	...	...	Rs. 64,290

In order to expedite the completion of the work which is likely to continue for some years a provision of Rs. 3,44,000 has been made in the Second Five-Year Plan and some additional staff is to be appointed in 1956-57.

The Board is empowered to make appointments of the staff sanctioned by Government. The members of the Staff are not treated as Government servants but all rules for Government servants except those relating to pension and gratuity are made applicable to them.

It is, therefore, suggested that steps may be taken to constitute new Boards for successor States before the appointed date and to include therein the members of the existing Board hailing from Maharashtra, Gujarat and Karnatak, respectively, so that continuity of the work is maintained. The staff of the Board could also be suitably allocated to the successor States on the same principles as are being adopted for division of personnel in Government Offices.

(iii) Hostel accommodation in 2 or 3 blocks for about 150 people (or including Legislators, for about 300 people).

(*b*) The residential accommodation should be let out to the incoming personnel at a flat rate of 10 per cent of salary or the 'economic rent', as the case may be, whichever is lower. Allotment of accommodation at the topmost level will be decided by the Chief Minister and Chief Secretary, and at other levels, by a Committee consisting of the Deputy Commissioner, Bangalore, Sri S. A. L. Razvi, I.A.S. and Sri R. J. Rebello, I.A.S. or Sri Patel.

(*c*) The Hostel accommodation should be provided free of rent. There should be two standards of catering the rates for one standard could be Rs. 5 for the first person, Rs. 3 for the second member of the family, and Rs. 2 for every additional member. At the second level, the charges may be Rs. 3, 2 and Re. 1-8-0, respectively.

(*d*) The 500 tenements of Industrial Housing which have been reserved for the incoming personnel, should also be at the disposal of the Accommodation Committee mentioned above and will be dealt with on the same lines.

(*e*) The above arrangements do not provide for Class IV employees.

(*f*) A Liaison Officer should be appointed forthwith at Bangalore who will act as the Secretary to the Accommodation Committee. Detailed instructions will be issued for the benefit of the incoming personnel that they should send their requirements through the local Liaison Officer regarding accommodation, educational facilities, etc., to this Officer, who, in turn, will place them before the Committee or other appropriate authority and intimate to them the allotment of accommodation made, etc.

(*g*) Special Transport facilities will be necessary from Rajaji Nagar, where a large number of incoming personnel will be housed. The City Transport should be asked to arrange for the necessary transport and in addition monthly seasonal tickets should be provided at a reasonable rate.

(*h*) All the arrangements mentioned above and the financial concessions inferred therein should be in force for a period of six months. This should give enough time for the incoming personnel to adjust themselves to local conditions. At the end of six months, the concessions implied in the above proposals will be withdrawn.

2. An Ordinance will have to be issued regarding Salaries and Allowances to be paid to Ministers.

3. The Secretaries and Heads of Departments should be required to be present in Bangalore by the 31st of October, so that they will all be present at the time of Inauguration of the New State.

4. While the allocations of gazetted personnel from the different States have been received and agreed, the progress regarding non-gazetted personnel is not quite so happy. The Governments of Hyderabad, Bombay and Madras should be requested—

(*a*) to do all postings within their regions at the latest by the 20th of this month. Non-gazetted personnel from the Secretariat organisations allocated to this State should first be notified to this Government. Once the allocations are accepted, arrangements should be made for the release of the individuals, but this Government should be given at least a fortnight's advance information of the date of the individuals to be released. Similarly, such of the employees who are stationed in the regions coming to this State but are not allocated to this State and are required elsewhere, should have the orders regarding their release after the 25th of this month notified only through this Government. This is necessary in order to enable this Government to issue posting orders in respect of the incoming personnel and to arrange relief in respect of outgoing personnel;

(*b*) as far as Coorg is concerned, that State will make the necessary internal arrangements and notify all surplus personnel, *i.e.*, personnel who cannot be accommodated within Coorg, to the Special Secretary to Government, Sates Reorganisation, by the 20th of this month at the latest.

All personnel allocated to this State should also be told to stay—put where they are until they receive formal posting orders from the Mysore Government. They will continue to draw their Salary and Allowances last drawn by them until they receive the posting orders.

S. MUNINANJAPPA,

Special Secretary to Government,
States Reorganization Department.

INTERSE SENIORITY

Immediately on the formation of the new State, urgent action will be necessary in respect of the following matters :—

(*a*) Integration of the Services and Preparation of common seniority lists ;
(*b*) Promulgation of the new Pay and Conditions of Service Rules;
(*c*) Rationalisation of Taxation ; and
(*d*) Rationalisation of laws and procedure.

Action in respect of (*a*) above is intended to be taken even before the " appointed day ", but it will not be possible to initiate any effective action in the time available.

Action regarding (*c*) and (*d*) may seem not so urgent but it is suggested that in order that the ultimate proposals may be carefully thought out, examination of these problems be initiated without delay immediately after the appointed day.

A decision is immediately necessary with regard to the Integration of the Services. It is suggested that as far as senior personnel are concerned, *i.e.*, persons in Class I scale and above, the Services should be integrated by a Committee presided over by the Chief Secretary and consisting of Sri N. Puttarangaswamy, I.A.S., Sri Rebello, I.A.S. and Sri Vasudeva Rao, I.A.S. The preliminary proposals which this Committee may prepare will be circulated for the information of the officers concerned and after giving them a week or ten days' time to put in their objections, if any, the proposals may be finalised and put up for orders of Government. In respect of Services at lower levels, a Committee should be constituted for each Department, consisting of the Secretary of the Department, the Head of the Administrative Department concerned and one or two other officers appointed *ad hoc* so that in each Committee there is proper representation from each of the major integrating areas. These Committees will follow the same procedure and put up their proposals to Government through the Chief Secretary for formal orders.

As regards personnel coming from Madras and Coorg, these Committees should co-opt a representative from these areas when fixing the position of Government servants coming from those areas. The Committees should be instructed to have their preliminary proposals ready by the 1st January 1957. The idea is to complete this work by the end of January 1957 at the latest. For the fixation of seniority, full data regarding the history of services of the Government servants will be required and the various States should be requested to arrange to compile and send this promptly.

As regards pay scales, I would suggest that a Committee of about 3 persons should be appointed to go into the question and

make recommendations to Government. As any modifications in the conditions of service will require the approval of the Government of India, I feel that it would be very advantageous to press the Government of India to assist us by nominating an official from the Ministry of Home Affairs to serve on this Committee. A tentative Committee could perhaps be Sri N. Madhava Rao, I.A.S., Sri D. C. Pavate, Vice-Chancellor, Karnataka University and Sri Razvi, I.A.S. Only the first need be a whole-time Member and the rest can work part-time.

DIVISION OF ASSETS AND LIABILITIES OF THE BOMBAY STATE ROAD TRANSPORT CORPORATION.

Minutes of the meeting held on 26th September, 1956 at Sachivalaya, Bombay in the room of Shri V. L. Gidwani, I.C.S.

PRESENT:

Mysore.

Shri N. Puttarangaswamy, I.A.S.,
Chief Secretary to the Government of Mysore.

Shri S. Muninanjappa I.A.S.,
Special Secretary to the Government of Mysore.

Bombay.

Sri K. P. Mathrani, I.C.S.,
Additional Secretary to the Government of Bombay.

Shri V. L. Gidwani, I.C.S.,
Joint-Secretary to the Government of Bombay,
Finance Department.

The following questions relating to the allocation of certain assets and liabilities of the Bombay State Road Transport Corporation at the time of reorganisation of States were discussed:—

1. *The Debentures Floated by the Corporation.*

The liability for principal as well as interest should continue to remain with the Bombay State Corporation. The sinking fund accumulations should also be retained by it. The net amount of the liability including accrued interest up to the appointed day minus the sinking accumulations inclusive of interest should be allocated between the two organizations on a suitable basis and the share of Mysore should be adjusted by modifying its share of other assets or liabilities or cash balance as may be suitable or by a financial adjustment between the two Governments. The basis of allocation of the share of liability should not be the proportion of capital assets as the debentures were raised mainly for providing working capital. It was felt that broadly speaking the total value of stores including building materials allocated to the two organizations may be a suitable basis.

2. *The Unspent Capital Remaining with the Corporation.*

This should be allocated to the two organizations firstly to the extent necessary for completing the works actually in progress on the appointed day and secondly to meet the firm commitments for

orders placed or other liabilities already incurred up to the appointed day. In case of the unspent capital not covering the whole of such liabilities it may be divided in proportion on a pro rata basis. If any surplus unspent capital remains it may be divided in the ratio of the amounts of the budget provision for works and other capital expenditure for the year 1956-57 which remain to be utilised in the two respective regions.

3. *Cash Balances.*

It was felt that it is not feasible to settle the basis for division of cash balances at this stage. After the other assets and liabilities have been allocated it would be possible to divide the cash balances equitably as a balancing factor so as to ensure the allocation of the net surplus of assets over liabilities in the same proportion as the total assets allocated to the two organizations.

4. *Working Fund required by Mysore Organization immediately on separation.*

Until the cash balances are actually divided a suitable advance payment to cover day to day requirements of the Mysore organization may be made by the Bombay State Road Transport Corporation, if desired by the Mysore Government. Alternatively the Mysore Government should advance a temporary loan to the Corporation which is proposed to be established by it.

TAKING OVER THE CENTRAL P.W.D. WORKS IN COORG.

PROCEEDINGS OF A SPECIAL MEETING HELD IN THE RESIDENCY ASSEMBLY HALL AT BANGALORE ON THE 7TH OCTOBER 1956.

Present.

1. Shri H. Ananthachar, B.E., A.M.I.E. (Ind.),
   Chief Engineer, P.W.D., Mysore.
2. Shri I. C. Subbiah, M.A., B.L.,

   States Re-organisation Section, Coorg.

The following tentative decisions were taken during the course of discussions held between the Chief Engineer, Mysore P.W.D. and the Executive Engineer, Central P.W.D., Coorg Central Division.—

(1) The Chief Engineer, Mysore P.W.D. agreed to post the following categories of staff from Mysore P.W.D. to report for duty at Mercara on 20th October 1956.

(1) Executive Engineer	...	1
(2) Assistant Engineers	...	4
(3) Section Officers	...	9
(4) Divisional Accountant	...	1
(5) Assistant Draftsmen	...	6

The rest of the staff required to form the Complete Division will be as follows :—

(1) Section Officers	...	8
(2) Head Draftsman	...	1
(3) Ministerial staff:—		
(*a*) Head Clerk	...	1
(*b*) Upper Division Clerks	...	3
(*c*) Lower Division Clerks	...	21
(*d*) Duftry	...	1
(*e*) Barkandaz	...	1
(*f*) Peons	...	10
(*g*) Chowkidar	...	1

(2) As regards the Ministerial staff the entire strength was agreed to be posted by the Coorg Government from the staff that would become surplus.

(3) As regards the Section Officers, *i.e.*, 8 Section Officers, it was decided that in the existing staff of Central P.W.D., 8 Section Officers have to be continued on deputation till 28th February 1957. The existing Head Draftsman of Central P.W.D., should also continue till 28th February 1957.

(4) It was also decided that no deputation allowance will have to be claimed by the Central Public Works Department staff for their stay beyond 1st November 1956, as this is a matter of purely a temporary arrangement and no extra cost on this account ll be borne by the Coorg Government or the Mysore Government is connection.

(5) It was also desired by the Chief Engineer, Mysore Public Works Department that each Section Officer should draft out a complete handing over note indicating the position of each work in his charge, *i.e.*, stage at which the work stands; the Assistant Engineers, will consolidate all these notes and prepare their handing over notes of all the works pertaining to the Sub-Division as a whole and give a general synopsis of the works; and the Executive Engineer will prepare his Notes for the whole Division so that all the details are mentioned in a comprehensive manner.

(6) As the staff of Mysore Public Works Department, as mentioned above, will be reporting for duty at Mercara on the 20th October 1956, the question as to whom the amount towards the pay of the staff to be debited, was discussed. It was decided that the pay of the staff to be posted from Mysore Public Works Department, from 20th October 1956 to 31st October 1956 will have to be borne by Coorg Government itself, and separate details worked out on this should be intimated to the Chief Secretary to the Government of Coorg.

(7) It was also mentioned by the Chief Engineer, Mysore Public Works Department, that as usual, 7½ per cent of the booked outlay on the works to end of October 1956 will be charged towards agency charges.

(8) It was also decided that all Books of Accounts, etc., pertaining to the Coorg Central Division, should be closed by 28th October 1956 and the Central Public Works Department staff are responsible for closing the accounts to end of October and submitting the same to the Accountant-General.

(9) The question of arrears in Accounts that have accumulated in Coorg Central Division was brought forth by the Executive Engineer, Central Public Works Department, and it was decided that the Central Public Works Department should make necessary arrangements to retain necessary skeleton staff to clear the accounts arrears for a period of about one month and the cost of establishment on this account will be borne by the Central Public Works Department.

(10) It was further decided that the present Divisional Accountant may be put on special duty for one month to finalise the accounts up to to end of October 1956, and also to clear the Audit objections, etc., and send the October Accounts to the Accountant-General, before the 8th November 1956 in the usual manner.

(11) It was again stated by the Chief Engineer, Mysore Public Works Department, and also by the Chief Secretary to the Government of Coorg, that no deputation allowance or any extra allowances, other their existing pay will be paid to the staff who may continue beyond 1st November 1956.

While reaffirming that all Government servants should remain at their present posts and continue to receive their pay and allowances as on 31st October 1956, until they receive posting orders, it was decided that the eleven members of the Madras Secretariat, who have been allocated to Mysore and all the persons allocated from the Coorg Secretariat, should be given immediate posting orders to enable them to join at Bangalore on 1st November 1956.

14. The Chief Secretary, Hyderabad, mentioned that while the Government Press, Hyderabad, was a local institution and could not be partitioned. there were a number of Non-Gazetted employees in that Press, who were only Kannada speaking and did work only in the Kannada language. They would become surplus to the needs of the Andhra Pradesh Government after 1st November 1956. The Minister for Co-operation, Bombay, said there was a similar problem in Bombay also. It was agreed that the 16 Non-Gazetted Press employees offered by the Hyderabad Government should be absorbed in the Government Press at Bangalore and to the extent similar persons are available from the Bombay Government Press and are willing to come to Bangalore, steps should be taken to absorb them to the extent feasible.

FINANCIAL POSITION OF THE NEW STATE OF MYSORE.

The Estimates of Bombay were received only last week and every figure therein has to be recalculated with reference to the recent decision that pay and allowance for October 1956 should be paid during that month itself. The estimates now sent by Bombay relate to a period of six months uniformly.

Hyderabad Government have sent printed estimates (a volume of nearly 450 pages) and as the classification adopted there is at variance with that existing in the State, the figures have to be merged in the State Budget after careful examination.

Madras Government are sending their figures in batches, the second batch being received only on 17th October 1956. They have promised to send a further batch a little later. Thus, it has been very difficult for the Budget Branch even to get the heads of account merged in the State Budget and get them printed. In the absence of full detailed estimates we have to rely only on the original consolidated estimates by minor heads for a period of six months, which will be very rough.

Lastly, the figures in respect of this State are under preparation and it will take at least a week before any final picture can be got. In the meanwhile, the following

figures are abstracted from the estimates now received and the financial position indicated may not be very accurate.

	Revenue	*Expenditure on Revenue A/c*
Bombay ...	246·18 lakhs 85·43 lakhs	529.67 lakhs (for six months)
Hyderabad ...	167·18 lakhs	205·65 lakhs (for five months)
Madras ...	259·43 lakhs	287·52 lakhs (for six months)
Coorg ...	92·57 lakhs	88·75 lakhs (for five months)

Bombay has not included the State's share from the divisible Pool of Income-tax, Excise Duties and Estate Duty on the ground that the figure may be independently arrived at on the basis of percentages indicated in the States Reorganisation Act, 1956. On the population ratio of about 14 per cent, this share for six months is calculated to work out to Rs. 85.43 lakhs on the basis of estimates in the Bombay Budget for 1956-57. Reducing the figures for 5 months in the case of Bombay and Madras, the position will be as under.—

	Revenue	*Expenditure*	*Deficit on Rev.A/c*
Bombay ...	276·34 lakhs	441·39 lakhs	165·05 lakhs
Hyderabad ...	167·18 „	205·65 „	38·47 „
Madras ...	216·19 „	239·60 „	23·41 „
Coorg ...	92·57 „	88·75 „	3·82 „ (Surplus)
Total ...	752·28 „	975·39 „	223·11 „

The Deficit may be placed at approximately Rs. 2 crores for the period from 1st November 1956 to 31st March 1957 in respect of the areas of the States other than the existing State of Mysore, coming over to the New State of Mysore.

The deficit of the existing State of Mysore for 1956-57 is estimated at Rs. 3·89 crores. The position for a five-month period will be known after figures are recalculated with reference to interim relief and after finalising the Budget estimates. For five months the deficit may be of the order of Rs. 2 crores. The total Revenue deficit for the new State may, therefore, be taken as four crores for five months. This is so far as Estimates are concerned.

What will be the actual Budgetary position depends on the tempo of developmental activities, especially under the Second Plan-expenditure. The position of the New State for the whole year will be still worse if all the schemes have to be implemented and increased interest charges on borrowings are taken in account. The exact position will be known only after one or two years accounts are available. The Finance Department is of the view that the accounts for the New State for five months may not show a deficit of more than Rs. 2 to Rs. 2½ crores since the tempo of expenditure in the first year will be very slow as schemes have to be sanctioned, staff has to be entertained, materials have to be purchased and other formalities gone through.

Regarding the position under Capital Account, this will be known only after the assets and liabilities of the several areas are determined. There is, however, no anxiety for the current year as we have enough cash balance and with the Ways and Means advance we can meet all the requirements. The Government of India have also been requested to give increased assistance for the existing State as they have accepted the State Plan against the background of the financial forecast. Similar application for extra aid may be made for the New State after 1st November 1956 with the information available by then.

NOTE

The New State of Mysore will have an area of 74,307 square miles with a population of 1,95,00,000.

The Governments of Bombay, Madras, Coorg and Hyderabad have intimated the break-up of the Second Five-Year Plan for the areas to be transferred to the new State. The size of the Second Five-Year Plan of the new State of Mysore will be about Rs. 145·44 crores as per details indicated in the *margin.

*Spill over to First Plan.

The distribution of expenditure on Revenue account and Capital account during the Plan period has been indicated by the Governments of Mysore, Coorg and Madras. The Governments of Bombay and Hyderabad have not indicated the expenditure of Revenue and Capital Account. However an attempt has been made to indicate roughly the expenditure under Revenue and Capital Account for Bombay and Hyderabad areas to be integrated. The following statement indicates the expenditure on Revenue and Capital Accounts of New State of Mysore.

(*Rs. in Crores*).

	Revenue Account	*Capital Account*	
Mysore	35·25	45·35	
Coorg	1·69	2·02	
Madras	2·68	2·42	
Bombay	23·83	12·64	
Hyderabad	7·82	11·96	
Total ...	71·27	74·39	145·66

It is seen therefrom that the expenditure on Capital Account is of the order about Rs. 75 crores and Rs. 70 crores on Revenue Account.

Irrigation and Power.

The important projects in the New State of Mysore which will assure economic prosperity to the people when completed are (1) *Honnemaradu Project* (Sharavati Valley Hydro-Electric Development Project); the total estimated cost of this project is Rs. 57 crores and power potential 7,10,000 K.W. This first stage of the Project which is expected to be completed during the Second Five-Year Plan is estimated to cost Rs. 22·87 crores. But in the Plan, a provisional allotment of Rs. 13 crores has been made to begin with subject to enhancement according to the progress of work to be achieved within the plan period. The cost of generation of power has been worked out to be the lowest per K.W. in India when compared to the other Hydro-Electric Works.

Tungabhadra Project (Hydro-Electric).—The work is already in progress for the installation of two units (9,000 K.W. each at Dam) and two units of the same size at Hampe Station. The work is executed at present under the control of the Tungabhadra Board. Similarly, on the Hyderabad side, the project is estimated to cost Rs. 4·16 crores. Two units of 9,000 K.W. is proposed to be installed in the first stage. After integration, this Power Project, now being executed by the Hyderabad Government, will be transferred to the New State.

Bhadra Reservoir Project.—Construction of the Dam is progressing. It has come up to the level of installing the Penstocks. A sum of Rs. 82 lakhs will be the cost of establishment for installing the penstocks, etc. The balance of Rs. 160 lakhs for installation of equipment has been provided by the Public Works Department under the Bhadra Project.

Important Projects under Major Irrigation Projects are Bhadra and Thungabhadra Reservoirs, Kabbini Reservoir, Ghataprabha Project, the Malaprabha Project, Rajoli Banda Diversion Scheme and Lakshmanathirtha Storage and Canals Project.

Bhadra Reservoir.—The estimated cost of this project is 17·75 crores. When completed, it is expected to irrigate 2,34,200 acres of land and generate 41,040 K.W. of installed electric power.

Tungabhadra Project.—This Reservoir is a multipurpose project and is constructed across the Tungabhadra river near Hospet in Bellary District. After integration, the Hyderabad portion of the work will also be transferred to the new State. 93,000 acres of land are irrigable under the Low Level Channel. 36,000 K.W. of electric power is being produced in the first stage and another 36,000 K.W. in the second and final stages. On the Hyderabad side, already 22,000 acres of land have been brought under irrigation.

GOVERNMENT OF MYSORE.

No. SS. SRD. MYSORE GOVERNMENT SECRETARIAT,
Bangalore, dated 25th October 1956.

To

The Secretary
to the Government of India,
Ministry of Home Affairs,
New Delhi.

Sir,

Subject:—*Investments made by the Government of Hyderabad.*

1 The Government of Hyderabad has invested Rs..... in the shares of various Joint Stock Industrial Companies. The factories of some of these companies are within the State of Hyderabad and of some others outside the State. As the Government of India is, no doubt, aware, these investments have been made either out of the General Revenue surpluses of the State directly or through the Industrial Trust Fund which was set up *ad hoc* with an initial grant of Rs. 4 crores made by the Hyderabad Government with the object of assisting in the industrial development of the State. It would appear, therefore, that these investments are investments of the Cash Balance Investment Account or of the General Fund of the existing State and they have to be divided between the successor States of Andhra Pradesh, Bombay and Mysore in accordance with the population ratio.

2 Of course, in making the divisions of these investments, it is neither necessary nor desirable that the investments in every company should be divided proportionately. The investments in the shares of the companies in Telangana, Marathwada or Karnatak areas can appropriately be allocated to the State Governments of Andhra Pradesh, Bombay or Mysore, respectively, and necessary financial adjustments made. Similarly, the share holdings in companies whose factories are situate outside the State can be divided in a mutually agreed manner, with suitable financial adjustments, where necessary.

3 As the Government of Hyderabad has because of its holdings certain rights of Managing Agency and for appointment of Directors in many of these companies it is necessary that the division of these investments should be made without delay. It is accordingly requested that directions may be issued for the immediate apportionment of these investments.

Yours faithfully,

To

The Accountant General,
Mysore State,
Bangalore.

They will also continue to enjoy, until other orders are issued in this respect by Government, any other facilities in respect of medical treatment, education, etc., which they were enjoying immediately before 1st November 1956 and will be governed by their respective Service Regulations.

2. Government are taking steps to determine the establishment strengths of the State Cadres and of every Department and Office. (2) The draft reply shall be prepared by the Secretary of the Department, in consultation with the Secretaries of other Departments concerned, and the Minister shall, before answering

such question, consult the Ministers in-charge of the other Departments concerned in respect of the reply to be given relating to those parts of the question which concern such other Departments.

43. The Chief Secretary and the Secretary of the Department concerned are severally responsible for the careful observance of these Instructions and either of them considers that there has been a material departure from them, he shall personally bring it to the notice of the Minister-in-charge.

44. The Secretary in a Department is a Secretary to the Government. It is his duty to see that the policy of the Government in the Department with which he is concerned is carried out. It is his duty to place before the Minister all relevant facts relating to a case accurately and to tender the necessary advice either in a written note or orally at any time before the Minister passes final orders on a case. It shall also be the duty of the Secretary to draw the attention of the Minister to the fact that any proposed course of action is contrary to the provisions of any rule or law or is at variance of the policy hitherto adopted by Government.

45. If any question arises regarding the Department to which a case belongs, the matter shall be referred to the Chief Secretary who will, if necessary, obtain the orders of the Chief Minister.

46. If any doubt arises as to the interpretation of these Instructions it shall be referred to the Chief Minister, whose decision shall be final.
